GERMANY'S PROPOSED REPLY TO U. S. NOTE IS NOT SATISFACTORY

Its Acceptance Would Involve Sacrificing Important Neutral Rights

GERARD ASKS ADVICE

Americans Could Travel Seas Only on Certain Conditions.

Nothing Official Has Been Given Out.

Washington, July 6.—Germany has submitted informally to the United States through Ambassador Gerard in Berlin a tentative draft of its reply to the note of June 9 which asked for assurances that American rights on the high seas would not be further violated by German submarine commanders.

After careful examination of the contents of the proposed note as outlined by American Ambassador Gerard, which coincides with Berlin press dispatches of the last few days, high officials are practically agreed that the United States cannot without sacrificing important neutral rights express its approval of the German proposals in their present form. The draft was shown to Ambassador Gerard with the idea of eliciting from him an expression of opinion, and he promptly asked for instructions from Washington as to whether the United States could make concessions. President Wilson has been advised of the situation in messages sent to his summer residence at Cornish, N. H., and the impression obtained tonight from reliable quarters was that the American government very probably would instruct its ambassador within a day or two to decline to express any view until after the formal reply is delivered to him.

Proposals Not Officially Announced

Just what Germany proposed has not been officially divulged. Secretary Lansing today took the position that it would not be proper for him to disclose Germany's position as informally reported by Mr. Gerard without authorization from the Berlin government. He stated merely that there had been no change of views or informal negotiations between Germany and the United States and declined to predict whether there would be.

From Berlin dispatches and authoritative sources here it is learned, however, that the note as drafted by the German foreign office with Emperor William's subsequent approval would give assurance that Americans might travel with safety on the high seas on certain conditions imposed by Germany, such as the marking of belligerent vessels carrying Americans, notification by the United States to Germany of the date of departure and character of such vessels, and an inspection insuring their non-carriage of ammunitions of war.

President Wilson has before him the views of several cabinet officers, some of whom believe that it is essential to have Ambassador Gerard make clear to the German foreign office that the United States can make no concessions from its position as based on the accepted rules of international law and the naval prize codes of civilized nations. Whether the President does or does not finally decide to have Ambassador Gerard tell the German government informally the views of the United States on the rough draft submitted, it was clearly apparent today that important changes would be necessary in Germany's attitude before it could be reasonably hoped that the formal reply would remove from the negotiations the critical aspect they have assumed.

Germany Wants Compromise

One of the messages from Ambassador Gerard was somewhat garbled in transmission and its meaning was not clear. At first early in the day it was believed by some officials that the suggestions made might offer a basis for negotiation, since it appeared that Germany was endeavoring to ascertain in advance what the opinion of the United States would be so that the final draft would be certain of acceptance. This caused a feeling of some optimism to be spread, but the arrival of an additional message from Ambassador Gerard indicated that Germany was not prepared to yield to the insistence of the United States on its rights under international law but disposed to ask for compromises and concessions involving a surrender of some important neutral rights.

The situation was not regarded by any means as hopeless because it was believed in well informed quarters that the mere fact of submitting to Ambassador Gerard a tentative draft of the German reply could be construed as meaning that Germany might make further changes if the position of the United States was found to be unalterable. There are evidences however, that some Berlin officials believe public opinion in the United States has been divided since the resignation of Secretary Bryan and that public sentiment here really favors compromising the issue.

The American government has no intention of discussion with Germany the attack on such cargo ships as the American and the Anglo-Californian which were shelled by German submarines after making repeated attempts to escape.

It is generally understood, too, that there will be no effort to obtain immunity from attack from ships primarily engaged in contraband traffic if the latter follows a general policy of resisting capture. But what the American government has been unable to obtain thus far is an explicit agreement that Germany would visit and search

CHARGE BREAKING NEUTRALITY LAWS

Five Montenegrins Arrested for Recruiting.

IN THE UNITED STATES

Were Enlisting Troops for the Montenegrin Army—Secret Service Officers Gained Information From Enlisted Men.

Chicago, July 6. — As a result of information gathered from a score of reservists who were taken from a train here a week ago, United States secret service men arrested three Montenegrin officials charging them with conspiracy to violate the neutrality laws of the United States.

The men were Captain Anton V. Seferovich, a member of the American Red Cross, and the Montenegrin Red Cross, who was taken in New York; B. Martinovich, an officer in the Montenegrin army, and Savo Gjouraskovich, secretary of the Montenegrin foreign office, who were arrested in Bisbee, Arizona. Government officers also sought Jovo Matanovitch, another high Montenegrin official.

All are charged with enlisting recruits for the Montenegrin army, in violation of American neutrality.

The arrests developed from the detention here of 23 Montenegrins and Serbians, taken from a special train while on their way east. They were reported to have told Federal investigators that their expenses to their native homes were being paid with the understanding that after a visit with their relatives they would enlist.

The men arrested will be brought here for trial.

Held on $7,500 Bail.

Bisbee, Ariz., July 6. — M. Martinovich and Savo Glourashkovich were held here today on a charge of violation of neutrality laws in attempting to induce about 150 Montenegrins to return to Europe and become soldiers.

They were released in $7,500 bail and a hearing was set for Friday.

RELEASED ON BAIL.

Captain Seferovich Will Undergo a Further Examination.

New York, July 6. — A complaint made by the government before United States Commissioner Mason, in Chicago, concerning an alleged conspiracy to enlist and support Montenegrins in this country for the service in the army, led to the arrest here today of Captain Anton V. Seferovich, a member of the American Red Cross and the Montenegrin Red Cross.

Captain Seferovich was arraigned before a United States commissioner on a charge of conspiring to violate the federal neutrality laws. He was released in $5,000 bail for further examination.

As the investigation in the alleged conspiring was conducted in Chicago, Department of Justice agents here had little to say concerning the arrest of Captain Seferovich. It was admitted, however, that funds used in furtherance of the enlistment plans had been found on deposit with Wall Street bankers. It was admitted further that money collected presumably for Red Cross work, the government has information, was used in paying for the transportation of soldiers to Montenegro.

According to the Federal authorities, Savo Gjourashkovich, and Jovo Martinovich, other alleged conspirators, have been arrested in Arizona.

TWO ARRESTED.

Taken in Custody at Portland, Ore., on Conspiracy Charge.

Portland, Ore., July 6. — Jovo Matanovich and Peter M. Luburich, Montenegrins, were arrested as they stepped off a train from Seattle here today on a charge of conspiracy to violate the neutrality of the United States. They were given a hearing before a United States commissioner and bond was fixed at $10,000 each. Federal officials alleged they have been recruiting in Butte, Montana, and Seattle, since leaving Chicago.

The men were on their way to San Francisco.

STRIKERS BEGIN WORK.

Chicago Structural Iron Workers Out Over Six Weeks.

Chicago, July 6.—Resumption of work by some of Chicago's strikers began today when 4,500 structural iron workers recommenced the labors they dropped more than six weeks ago. Employers generally took a more optimistic view of the whole situation and building material men and carpenters were reported to be making progress toward peace.

Mobile, Ala., July 6.—Sheriff Holcomb, of Mobile county, today seized $2,000 worth of liquor stored in the home of Morris Meyer, a former wholesale liquor dealer, and moved it to the county jail where it was held under the Bonar anti-shipping act.

FRANK HOLT KILLS HIMSELF, BUT HOW IS OPEN QUESTION

Committed Suicide Last Night After Vain Attempt Yesterday Morning.

WROTE LETTER TO WIFE

Those on Scene Disagree as to Whether Body Was Found in Cell or Not.

Glen Cove, N. Y., July 6—Frank Holt, the Cornell University professor who shot J. P. Morgan in his home near Glen Cove last Saturday, committed suicide in the jail at Mineola tonight.

While several of the jail authorities declare that Holt killed himself by climbing through the opening at the top of his cell door and then pluging to the narrow court below, Holt's keeper said he was positive that the prisoner was killed in his own cell where he said he found the body.

There were many conflicting reports as to the manner in which Holt met his death, but it was definitely established through Dr. Cleghorn, the jail physician, that Holt died of a fractured skull.

Several of those about the jail said they heard an explosion, the report coming from Holt's cell. This noise, it was believed, was due through the falling of boards from the top of the cell.

Jeremiah O'Ryan, the keeper detailed to watch Holt, said he was 15 feet away from the cell when he heard a loud report. He looked in the direction of the cell but it was dark. Entering, he found Holt's body in a pool of blood in the corner.

The excitement that followed this brought Warden Hulse and other jail authorities to the scene. District Attorney Lewis J. Smith and Dr. Cleghorn, together with several constables were soon on the scene and immediately began an investigation.

Dr. Cleghorn denied a report that Holt had killed himself by chewing a percussion cap. He repeated that death was caused by a fracture at the top of the skull. An explosion which would have blown his head off would have followed an attempt by Holt to chew a percussion cap, said the physician.

A thorough examination of Holt's cell failed, according to the jail authorities, to disclose any weapon or implements of any kind which Holt could have used to kill himself.

"Undoubtedly a Suicide."

Coroner Walter R. Jones, after viewing the body, said:

"Undoubtedly a suicide, and undoubtedly the man jumped. I cannot give an official version until an autopsy is performed by the jail physician, Dr. Cleghorn."

The body was then taken to the morgue in Hempstead, where Dr. Cleghorn was prepared to perform an autopsy immediately.

Shot from Outside?

The autopsy is expected to dispose of a report current here immediately after the finding of Holt's body that he had been shot and killed from the outside. This was only one of a number of reports.

An evidence of the great confusion which followed the report and the finding of Holt's body was a second statement by Keeper O'Ryan to the effect that he was not sure if Holt's body was found in his cell or in the corridor. This tended to strengthen the theory of District Attorney Smith and Warden Hulse that Holt had killed himself by jumping from the top of his cell into the court below and that while doing so he had dislodged a couple of boards which fell to the floor with a loud report.

District Attorney Smith searched Holt's cell immediately after arriving at the jail and found a letter written on yellow paper. This letter, which Holt must have written before he attempted suicide early this morning when the pencil with which he tried to sever an artery was taken from him, was addressed to "To My Dears," and follows:

"I must write once more. The more I think about it the more I see the uselessness of living under circumstances such as these. Bring up the dear babies in the love of God and man. God bless you my sweet.

"Affectionately, "FRANK."

"P. S.—All please pardon me for all the heart-ache I have brought you. Pray with me that the slaughter will stop. My heart breaks. Good bye."

Told Conflicting Tales.

Holt had admitted to detectives early tonight that he lied when he said he made the Capitol bomb of sulphuric acid and match heads and said also that he did not tell the truth about his movements in Washington and New York.

Holt made these admissions when confronted by evidence tending to show that he made the Capitol bomb in a bungalow which he rented near here about ten days ago. They followed the positive identification by Lewis Ott, of Holt, as the man who had rented the bungalow and who found numerous bottles with corks punctured in the center, small vials and pictures of a dozen public buildings throughout the country, three of which were marked.

Frank McCahill, a constable who accompanied the detectives in the search of the bungalow, said the marked buildings were the New York public library and the capitol buildings at Albany, N. Y., and Harrisburg, Pa.

Holt refused to say why he lied in

(Continued on Page Eight.)

WORKING ON PLAN OF FARM CREDITS

Would Relieve Problem of Unemployment.

FINANCE THE WORKERS

Committee Appointed By Secretaries Lane and Wilson Contemplates Government Loan of Money to Those Buying Farm Lands

Washington, July 6.—An inter-departmental committee named by Secretary of the Interior Lane and Secretary of Labor Wilson is working on a plan to relieve unemployment under which the Federal Government would finance workers desiring to take up farm land. A complete program with preliminary drafts of necessary legislation is to be framed before Congress meets in December, to be proposed in connection with a rural credits bill.

The plan contemplates a system of farm credits operating through the Department of Labor which would enable workers in congested cities to take u pagricultural land on government reclamation projects or public lands on easy payment loans.

"The proposed plan", said Commissioner-General Caminetti, of the Immigration Bureau, today, "would eliminate all overhead charges, as the officers who would be employed are already in the service of one of the departments co-operating. One of the departments involved would have a representative in most counties of the United States. The postoffice department would certainly have one or more employees in each county, particularly at the county seat, where records of real estate transactions are kept. The departments would possess exceptional opportunities to examine and report on the quality of land offered as security for loans, and attend to other details.

Mr. Caminetti suggested that a part of the immigration fund, consisting of the head tax collected from immigrants, which now amounts to some $10,000,000 might be used in financing the unemployment feature of the rural credits plan, on the ground that congested conditions and unemployment are due to the concentration of immigrants as well as native citizens in the larger cities.

WILL BUY STREET RAILWAY.

City of Detroit Will Take Over Lines of Private Corporation.

Detroit, Mich., July 6.—Officers of the Detroit United Railway, which operates the street railway system of Detroit, have agreed to sell the city lines of the company to the city of Detroit. The city street railway commission today adopted a resolution giving the company until August 2 to secure the ratification of its stockholders and bondholders. The assent of both is said virtually to be assured.

London, July 6.—The court martial of Robert Rosenthal, accused of naval espionage, and who when arrested had a passport issued by the American embassy in Berlin, was opened today in London. Major General Baron Cheylesmore, whose wife is a daughter of the late F. O. French, of New York, presided.

BRYAN WANTS EDITORS TO SIGN EDITORIALS

Favors Law Compelling Statements of Policies

Believes Signed Articles Would Contribute to Accuracy and Reputation of Writers—Addresses International Press.

San Francisco, July 6. — Passage of a law to compel editors to show their financial interest in policies they advocate, was recommended by William Jennings Bryan today in an address before the International Press Congress, at the Panama-Pacific Exposition. Mr. Bryan put peace and politics aside and appeared as a journalist.

Mr. Bryan further advised signed stories and editorials in newspapers. He commended the influence of the "One-Man edited weekly as being greater than that of a corporation owned daily newspaper and expressed disapproval of "independent publications."

Experience in the State Department, Mr. Bryan said, had convinced him that public welfare would be benefited by a law compelling editors to tell what pecuniary interest in governmental policies they advocated, so the public might know what weight their editorials deserved.

"It seems reasonable to suppose," Mr. Bryan said, "that the signing of editorials and news reports would contribute both to accuracy and to the reputation of writers. It is one of the injustices of the present system that men who furnish literary ability, editorial writers and newspaper correspondents, often live in obscurity, while the corporations from which they draw may reap an unfair profit from their genius."

Mr. Bryan said that no man could write on public questions without bias, and suggested that "independent newspapers" become "bi-partisan" and present articles signed by representatives of both sides of political questions.

MEXICO CITY THE PREY OF ANXIETY FOOD IS LIMITED

Newspaper "Extras" Report Big Battles Which Are Doubted.

POLICE SWEPT ASIDE

Anyone Wearing What Looks Like Military Uniform is Supreme.

Mexico City, June 22.—(Correspondence of the Associated Press) For the past four days this city has been a prey to anxiety and a general sense of insecurity prevails. Reports of great battles along a front extending over some 15 miles are published daily in revolutionary "extras" which every one reads and no one believes.

That there has been some fighting between the advance guards of the Carranza forces and those of Zapata and Villa is certain, but it is believed here that the importance of the engagements have been greatly exaggerated.

The bulk of the defendind army is living in street cars strung out between the suburbs of Mexico and San Angel. These cars occupy a mile of track along a road leading to the city of Cuernavaca, the ultimate destination of the defending army in the event they are driven from the capital. These cars are on the opposite side of the city to that which is being attacked.

Police Force Swept Aside

The police force of the city has been swept aside so far as practical protection is concerned and anyone wearing what approaches a military uniform is supreme. This was brought home to the British consul general here, E. W. P. Thurston, the day before yesterday when he was compelled at the point of rifles to carry two of Zapata's soldiers about the city in his automobile and was almost forced to be an accomplice in a jail delivery.

The soldiers made the chauffeur drive to the penitentiary where a general jail break was attempted by them. During the confusion the British legation was notified, the men arrested and the car returned to the consul. The car flew the British flag at the time of the assault. The authorities have promised to execute the soldiers in this case.

All foreigners owning cars are in the habit of flying the flag of their nationals on the hood of the machine. Despite this seising and stealing of cars has become so general that few risk riding. All of the banks and nearly all of the large commercial establishments have remained closed since Carranza's forces approached the city.

Foodstuffs Shortage Serious

Today the shortage of foodstuffs became so serious that rioting was avoided only by the presence of troops who fired over the heads of the mobs. In one instance the soldiers fired low, killing a number of women. It is estimated that more than 30,000 people, nearly all women, gathered in front of the offices of the International Relief Commission's warehouse.

At the Red Cross first aid booths 593 women and children were treated for injuries sustained in the crush. The local authorities have been unable to do anything to date to relieve the distress and the coming of the American Red Cross representatives awaited with much anxiety.

Yesterday two army officers with a dozen or more of their followers indulged in a duel on one of the principal streets of the city which was crowded with pedestrians. The contenders were all mounted and the fusillade caused a panic. One of the officers and two of the horses were killed and a trooper wounded.

Much Blackmailing

Blackmail has been indulged in by so many officers lately that the military officers executed Colonel Francisco Martinez Mollejo, Colonel Julian F. Guerra and Captain Francisco Aguirre today in an effort to stop the practice. The men were executed before a great crowd in the public square near the national palace.

Several arrests were made here today of persons charged with selling soldiers of the local garrison cartridges loaded with nitroglycerin instead of ordinary powder. These persons, said to be Carranza sympathizers are to be publicly executed. The nitro-glycerin cartridges are said to have caused a number of deaths among the Zapata and Villa soldiers whose rifles exploded when the cartridge was set off.

CONDITIONS GROWING WORSE.

Heavy Fighting Without and Pitiful Conditions Within Capital.

Washington, July 6.—Messages came to the State Department today telling of renewed fighting between Carranza and Zapata forces in the outskirts of Mexico City and of pitiful conditions within the capital where the food shortage is acute.

The Red Cross tonight gave out a statement saying reports from its official representative, Charles J. O'Connor, said the situation in Mexico City was growing worse rapidly. O'Connor, it said, confirmed previous reports of the immensity of the relief problem.

The statement said the Red Cross has received from the State Department a telegram from John R. Silliman, special representative of the State Department at Vera Cruz embodying the following message from O'Connor, which was mailed in Mexico City to Mr. Silliman:

"Mexico City, July 1: Arrived safely Wednesday evening. Conference with various relief agencies and personal

RUSSIANS BRACE LINE AND CHECK RUSH OF THE AUSTRO-GERMANS

WILL PUSH NATION WIDE PROHIBITION

Speedy Action to Amend Federal Constitution.

ANTI-SALOON MEETING

Thirty-five States Represented at Atlantic City—Committee to Work for Hobson-Sheppard Amendment—Criticisms.

Atlantic City, N. J., July 6.—Action to hurry along the movement for National prohibition by amending the Federal Constitution was taken by business men connected with the Anti-Saloon League of America, which opened its 16th annual convention here tonight. It was planned to appoint a committee of 100 men prominent in business and manufacturing for the purpose of raising funds and otherwise to further the movement for the adoption of the Hobson-Sheppard amendment.

Thirty-five states, it was announced, were represented at the luncheon today, where this action was taken.

Rev. P. A. Baker, general superintendent of the anti-saloon league, said the league aimed to have the prohibition amendment inserted in the National constitution before the next congressional apportionment is made, following the census of 1920, as there will be an increase in the membership of the House of Representatives and much of the increase will come from the larger cities where prohibition is not so strong as it is in less populated communities.

Bishop Luther B. Wilson, of the Methodist Episcopal Church, was reelected president of the league today. Nine of the 12 vice presidents were reelected. New members are Rev. John McNeil, Denver; Rev. George W. Truett, Dallas, Texas, and D. C. McMullin, Tallahassee, Fla.

The membership of the national executive committee was enlarged from 16 to 19.

N. A. Palmer, of Louisville, Ky., succeeds Rev. A. C. Bane, Westerville, O., as chairman of the National Board of Directors.

Wayne B. Wheeler, superintendent of the Ohio anti-saloon league, was elected general attorney of the anti-saloon league of America, with headquarters in Washington. This is a new office. All other officers of the league, such as secretaries, treasurers and superintendents were re-elected.

The board arranged for a national conference at Washington next Saturday at which campaign plans will be discussed for prohibition. Representatives of allied organizations, it was announced, would be present.

The first of the big inspirational meetings of the national convention of the league opened tonight. The biennial report of Dr. P. A. Baker, the general superintendent, was read.

UNDERWOOD AND MANN ATTACKED

Democratic Floor Leader Declared Servant of Liquor Interest

Atlantic City, N. J. July 6.—In a review of the work of the National Anti-Saloon League before the annual convention of the organization here tonight Dr. P. A. Baker, national superintendent, attacked Representatives Mann and Underwood for the stand they took during the debate on national prohibition, at the last session of Congress.

He charged that Mr. Underwood had made "a strained effort to deceive by misrepresentation and to furnish material for the liquor propaganda", and said the "liquor traffickers are now circulating his speech by the million copies."

Of the minority house leader, Dr. Baker said:

"Mr. Mann, the alleged author of the law against the white slave traffic and Mr. Mann, the sponsor for the liquor traffic, become the Doctor Jekyll and Mr. Hyde of the United States Congress. * * * The liquor interests are already trying to reimburse Mr. Mann for his activity in their behalf by backing his candidacy for the presidency."

"Mr. Underwood's speech, giving it the best construction possible, was a strained effort to deceive by misrepresentation and to furnish material for the liquor propaganda. Mr. Underwood must have been imposed upon in the statistics that were evidently given to him by those whom he served. They did not rise to the standard of being adroitly set forth. Mr. Underwood may know something about the tariff and kindred governmental questions, but his ignorance of the whole field of temperance reform, as indicated by his speech, reveals the fact that someone has very successfully used him.

"The best evidence of the utter unreliability of his utterances may be found in the fact that the liquor traffickers are circulating his speech by the million copies. They always avoid circulating any document that tells the truth about their business. Think of a man exalted to the high position of floor leader of a great political party becoming the mouth-piece of the drink traffickers in the arena where his honorable position made him supreme. Not only did they use him as their mouthpiece on the floor of Congress, but they are using his franking privilege for sending broadcast his liquor-advocating speech."

Berlin Claims Only a Gain on Northern Poland Front.

BRITISH ARE ADVANCING

They Make Gain of German Trenches North of Ypres.

Germans Plan New Offensive in the West.

London, July 6.—The Austro-German rush in the East appears to be losing its momentum, except in certain sectors between the Vistula and Bug. The Russians have braced themselves and are holding at most points along their line, although the Austrians claim progress northeast of Krasnik and also along the river Vieprz, in the neighborhood of Tarnograd.

This is a critical sector so far as a northward blow at Warsaw is concerned, but it is evident the Russians are stiffening their resistance after their long retreat, and the British press, for the first time in weeks, takes a more cheerful view of the Eastern situation.

It is noteworthy that Berlin today claims only a gain on the Northern Poland front, leaving the Southeastern field entirely to the Austrians which emphasize that an advance on the center between the Vistula and the Bug was made "by Austrians."

The quiet on the British front in Flanders has been broken by a British gain of German trenches north of Ypres. The advance was made after typical trench warfare tactics by French artillery.

This part of the western front still holds its reputation as a gas area. Field Marshal French again recounting how the Germans have been bombarding Ypres with gas shells.

The last 24 hours have brought many renewed rumors that the Germans plan a new offensive in the west, their aim being to duplicate their Galician tactics, and break through to Calais at all costs. These reports came almost simultaneously from Zurich, Brussells, Paris and Amsterdam. London papers give them prominence, although how much is guess work and how much is based on facts it is impossible to determine. According to the Zurich report, ten German army corps, who have been recuperating in the interior from the Galician campaign, are moving westward.

The latest advices from General Sir Ian Hamilton, commander at the Dardanelles, took the Anglo-French expedition no further forward, but made plain the gallantry of the British and French troops, who are fighting under almost insurmountable difficulties.

GREAT AEROPLANE FIGHT.

Air Craft of British and German Meet Of North Sea.

Berlin, July 6; (By Wireless to Sayville)—A great British aeroplane attack was directed against the German positions in a German bay off the North sea on the morning of July 4, according to a German official statement issued under date of July 5. The attack, the announcement adds, failed.

German airships sighted the British air forces at dawn off Terschelling, an island off The Netherlands. The attacking fleet consisted of several hydro-aeroplane motorships, accompanied by a number of cruisers and torpedo boat destroyers. The British vessels were forced to retreat.

PRESIDENT INFORMED.

Is Giving Serious Study to the Proposals—Hopes for Solution.

Cornish, N. H., July 6. — President Wilson had despatches from Secretary Lansing today transmitting information received from American Ambassador Gerard at Berlin outlining informally suggestions which Germany is anxious to incorporate in her next note on submarine warfare, but about which she first wants to sound out the United States. Final instructions as to what answer Ambassador Gerard shall make to the Berlin foreign office have not yet been sent to Secretary Lansing by the President, but he is giving serious consideration to the question, realising that the success of the entire negotiations with Germany probably hangs in the balance. Since the informal conference between Ambassador Gerard and the Berlin foreign office were begun, the President has received several mail reports from Secretary Lansing and has personally written replies.

It was understood tonight that the President was hopeful that out of the present situation would come a solution of the submarine controversy. He is unwilling, however, to deviate from the broad principles laid down in the notes already forwarded to Berlin.

When the formal German note is received, President Wilson will return to Washington. The American reply will be prepared by the President and Secretary Lansing, and today it was said to be likely that after spending a short time in Washington Mr. Wilson would return to Cornish.

New York, July 6.—Charles H. Wilson, for 15 years past general superintendent of the American Telephone & Telegraph Company, has been appointed to the newly created position of general manager.

ROWLAND AND FAIRMONT PLAY A DOUBLE HEADER.

First Game a Tie; Rowland Wins Second; Each Seven Innings.

Rowland, N. C., July 6.—Before a crowd of 800 spectators, Fairmont and Rowland played a double header, seven innings, by agreement, this afternoon. The first game ended in a tie in the seventh inning, each team making a score. The second game was in Rowland's favor by a score of 7 to 2.

Fairmont's batteries for the first game were Floyd and Nye, Rowland getting two hits off Floyd; Rowland's battery being Morris and Bethea. Morris allowed the visitors two hits. The teams were very evenly matched. T. W. Brake, umpire.

For the second game Fairmont used Currie to pitch with Nye catching. Rowland got 11 hits off Currie. Battery for Rowland were Fore and Bethea. Fairmont got six hits. The features of the second game were the home run by Norman for Rowland and the batting of the whole Rowland team. On account of the heavy hitting of the home boys the visitors started to leave in the sixth inning, but were persuaded to stay and finish the seventh. Umpire, Smith.

FEDERAL FIELDER JONES IS SUSPENDED INDEFINITELY

Kansas City, July 6.—Fielder Jones, manager of the St. Louis Federals, was suspended indefinitely by President Gilmore today. Shortstop Johnson was suspended for three days and fined $50 for his part of the argument with Umpire Harry Howell in yesterday's game which led to their both being banished from the field.

After being sent from the game yesterday Jones telegraped his resignation to noe of the owners of the St. Louis club.

GIANTS POUND MAYER TO DEFEAT OF PHILS

St. Louis Defeats Pittsburg in the Eighth.

Brooklyn Defeated Boston Twice in the Scrappiest Game Seen This Year. At Least Five Players Were Forced to Retire.

RESULTS YESTERDAY

At Brooklyn 3; Boston 2.
2nd: Brooklyn 4; Boston 3.
At Chicago 5; Cincinnati 4; (14 in).
2nd: Chicago 2; Cincinnati 2; (7 in).
At Philadelphia 1; New York 5.
At Pittsburg 1; St. Louis 2.

Cincinnati	30	34	.469
New York	28	35	.444
Boston	30	38	.441

Chicago, July 6.—Chicago today defeated Cincinnati 5 to 4 after 14 innings of the first game of a double header and tied the visitors 2 to 2 in the second game which was ended by darkness at the end of the seventh inning. Zimmerman's triple and Knisely's single in the fourteenth inning scored the winning run of the first game.

Williams made the first run for Chicago in second game on a homer. Zimmerman scored the other when he singled and scored on Williams' single. Wagner's double, while batting in a pinch in the seventh scored Hersog and Twombly, enabled the visitors to tie the count.

A free-for-all fight occurred in the seventh inning, after Good tripled. He slid into the bag and spiked Olson. Olson became enraged and struck at Good. In a moment they were exchanging blows.

The Chicago players came to the assistance of Good. Cincinnati players joined the fracas and Umpire Quigley rushed across the field and picked Olson up and carried him to the stand. Olson attempted to free himself but Quigley held him until his team mates could quiet him down. Quigley then ordered him to the club house and made Good follow. All the extra players on the bench were banished. The spectators rushed across the field when the game was called and surrounded the club house, but there was no more fighting.

First game.

Cincinnati	002	000	200	000	00	4	18	3
Chicago.	300	000	100	000	01	5	16	1

Benton and Wingo; Humphries, Standridge, Cheney and Archer.

Second Game.

Cincinnati.	000	000	2	2	5	1	
Chicago.	000	011	0	2	7	1	

(Seven innings darkness)

Toney and Clarke, Wingo; Vaughn and Bresnahan.

Brooklyn, July 6.—Brooklyn defeated Boston twice today 3 to 2 and 4 to 3 in two of the scrappiest games seen this year at Ebbetts field. No fewer than five players were forced to retire through injuries, while the umpires were busy trying to quiet players who complained against decisions.

The Superbas won the first game through the fine pitching of Coombs and Appleton. Coombs held the Braves hitless for three innings and had two out in the fourth when he stepped into a hole as he was about to pitch and strained a tendon in his left leg which necessitated his removal from the field. Appleton held the Braves to two hits and two runs. Rudolph was batted freely. He retired with two out in the eighth after spraining his knee while ducking a throw to second base. Gowdy retired early with an injured arm and Schmidt gave way to Egan in the eighth after he had been hit twice on the right arm by wild pitches.

In the second contest Ragan was knocked out of the box in the sixth, the Superbas getting a four-run lead. Dell grew wild after the fifth inning, hitting Moran on the left ankle in the sixth and forcing him out of the game. After two of the visitors had singled in the ninth Dell was sent to the clubhouse and Sherrod Smith, who relieved him, prevented Boston from tieing the score.

Boston	000	011	000	2	2	1
Brooklyn	000	002	01*	3	5	0

Rudolph, Hughes and Gowdy and Whaling; Coombs, Appleton and Miller.

Second game:

Boston	000	001	020	3	5	4
Brooklyn	000	031	00*	4	10	1

Ragan, Davis and Whaling; Dell, S. Smith and Miller.

Philadelphia, July 6.—New York won today's game by pounding Mayer's delivery for seven hits, which included a triple, two doubles and a sacrifice fly in the first and third innings, the score being 5 to 1. Tincup and Baumgartner blanked New York in the last six innings. Philadelphia hit Marquard's delivery hard, but the safeties were scattered and the only one that counted was Cravath's homer.

New York	401	000	000	5	12	0
Philadelphia	000	000	010	1	13	0

Marquard, Stroud and Meyers; Mayer, Tincup, Baumgardner and Killifer, E. Burns and Adams.

Pittsburg, July 6.—St. Louis defeated Pittsburg here today 2 to 1, winning the game in the eighth inning when Long singled and scored on Griner's double.

St. Louis	100	000	010	2	13	0
Pittsburg	000	001	000	1	5	2

Griner and Snyder; McQuillan, Kantlehner, Conzelman and Gibson.

JACK COOMBS FAINTS IN PITCHER'S BOX AT BROOKLYN

Brooklyn, July 6.—Jack Coombs fainted in the pitchers box today as he was winding up to pitch to a Boston batsman in the fourth inning of the first game between Brooklyn and the Braves. He was carried off the field.

An examination at the club house disclosed that the vetran twirler had strained a tendon in his left leg. It will be a week or ten days before he can pitch again.

BOSTON WINS TWO MORE GAMES FROM SENATORS

Tigers Send Cleveland Into the Last Place.

Philadelphians Take Their Third Straight for Present Series from New York—McHale Knocked Out of Box.

RESULTS YESTERDAY

At New York 6; Philadelphia 7.
At Cleveland 6; Detroit 7.
At Boston 5; Woshington 1.
2nd: Boston 4; Washington 1.
At St. Louis 2; Chicago 12.

WHERE THEY PLAY TODAY

Detroit at Cleveland.
Philadelphia at New York.
Washington at Boston.
Chicago at St. Louis.

STANDING OF THE CLUBS

	W	L	Pct.
Chicago	47	26	.644
Boston	41	24	.631
Detroit	44	28	.611
New York	35	35	.500
Washington	32	34	.485
St. Louis	26	42	.382
Philadelphia	26	43	.377
Cleveland	24	43	.358

Boston, July 6.—The Red Sox took two more games from Washington today, further narrowing the margin to first place. The first contest, won by 5 to 1, was decided in the first two innings, when Boston bunched hits for all their runs. Boehling was forced to retire in the opening inning when he was hit on the pitching hand by a ball off Speaker's bat.

Boston's four runs in the second game came by hitting Walter Johnson's delivery in the first and third innings. Gregg gave way to a pinch hitter in the second inning, and Mays upheld Boston's pitching burden well thereafter.

Washington	100	000	000	1	7	4
Boston	320	000	00*	5	9	0

Boehling, Hoppr and Henry; Shore and Cady.

Second game:

Boston	202	000	00*	4	12	2
Washington	010	000	000	1	7	4

Gregg, Mays and Thomas; Johnson and Henry.

Cleveland, July 6.—Walker and Harstad were wild and ineffective today and Detroit defeated Cleveland 7 to 6, sending the local team into last place. A rally in the ninth inning sent Cavet from the box but left Cleveland one short of a tie.

Cleveland	000	001	113	6	9	1
Detroit	003	110	200	7	9	2

Walker Harstad, Jones and O'Neill; Cavet, Boland and Baker.

New York, July 6.—The Philadelphia Athletics took their third straight game of the present series from New York today 7 to 6. Thomas Knowlson, a semi-professional pitcher from Ridgeway, Pa., started his first major league game for the league champions and was hit hard but was effective in the pinches. The Athletics knocked McHale out of the box in the third inning.

Philadelphia	203	100	010	7	11	4
New York	021	000	012	6	14	5

Knowlson and Lapp; McHale, Brown, Cottrell and Nunemaker.

St. Louis, July 6.—After losing five consecutive games Chicago defeated St. Louis 12 to 2 today. Three St. Louis pitchers and a team of sixteen men failed to check Chicago's slugging and successful base running.

Chicago.	300	402	030	12	16	0
St. Louis.	000	020	000	2	9	7

Faber and Schalk; Perryman, Koob, Cook and Agnew, Severeid.

ANOTHER LANDMARK PASSES.

Mr. David Hooks Armstrong, of Pender County, is Dead.

(Special Star Correspondence.)

Burgaw, N. C., July 6.—Another of Pender's old landmarks passed away yesterday when Mr. David Hooks Armstrong, of Ashton, died after a lingering illness of several years. Mr. Armstrong was one of the best farmers in the county up to a few years ago, when advancing age and infirmities compelled him to give up all active pursuits.

He was twice married, his first wife being a sister of the late Rev. D. B. Black. By her he had several children, all of whom survive him. His last wife was Miss Laura Gill, of Virginia. He was 83 years of age and of him it can be truly said, "A good man has gone to his reward."

The funeral services were conducted at the Pike church by Revs. J. C. Whedbee, P. L. Clark, J. D. Hocutt and R. E. Fitts, after which the remains were taken to the old Armstrong burying ground and tenderly laid away in the presence of a large concourse of relatives and friends.

Notwithstanding the inclement weather Monday, the usual crowd gathered here for the discussion of stock law and anti-stock law, which continues to be a live issue in Pender.

ROBESON OFFICERS UNABLE TO FIND TRACE OF "MURDER"

Seaboard Engineer Reported Seeing Dastardly Crime Committed.

(Special Star Telegram.)

Lumberton, N. C., July 6.—When the Seaboard passenger train arrived here from Charlotte last night at 10 o'clock, the engineer reported that between Moss Neck and Pembroke, about ten miles from here, he saw one man shoot another, saw a man stagger as if about to fall, when the gunman seized him and tried to throw him on the track ahead of the train, but as the train was too close the body was dropped near the track.

Sheriff Lewis and deputies hurried to the scene but could see nor hear nothing indicating that anything had happened. Officials think the engineer was laboring under a delusion.

"The Still Small Voice," a Vitagraph featuring Helen Gardner; and "Third Hand High", a love drama with Richard Travers, Ruth Stonehouse and Bryant Washburn, three leading Essanay stars. (advertisement.)

THEATRICAL

Beginning at eleven o'clock this morning Wilmington photoplay fans will see one of the very biggest shows that has ever been shown in a Wilmington theatre, headed, of course by the thirteenth thrilling episode of the great "Black Box".

The thirteenth episode, only two chapters removed from the thrilling finish of this remarkable photoplay serial, contains some of the punches that you rarely see in any photoplay. It's replete with thrills, unexpected turns and situations, and will hold your intense attention and interest to the very end. Herbert Rawlinson as Sanford Guest, shoots a gun out of the hand of an angry Mexican who is about to murder Craig, who has been captured. This is one of the thrills. Then there is a free for all fight in the bar, the mob fleeing from a burning building, and many other thrills which cannot be explained in a few words.

The other big feature today is what is said to be the very greatest L-Ko comedy yet made—"Blue Bloods and Yellow Blacks" two solid reels of fun with Harry Gribbon and Reggie Morris, and four of L-Ko's beautiful girls, including Gertrude Selby. It's a veritable riot of scream after scream, following in quick succession from the very first flash to the censorship tag at the end. You'll be sorry that there's not two more reels when it ends.

Then there's still another big feature—"Fanchion and the Cricket" featuring Vivian Prescott, who will be remembered as the bright star in the old Crystal comedies which were formerly on the Universal programme.

At The Grand Theatre.

The Grand management is sure offering great shows these days and the proof of it is by the vast crowds that attend daily, drop in and see for yourself, ask your friends and they will tell you how well pleased they are. We show nothing but the best and the program selected for today will convince you, its a three reel Broadway production "When the Mind Sleeps" featuring beautiful Myrtle Tannehill, in this drama Miss Tannehill has made a great reputation for herself in the part of "Wenda a victim of arrested mentality, so cleverly has she protrayed her part which calls for wonderful emotional work that the Kalem Company have announced greater things for the future for their beautiful star. Miss Tannehill is supported by Henry Hallam, Robert Walker, Arthur Albertson and Mary Kenedy. The settings are gorgeous and the producer Mr. Kenean Buel was showered with congratulations for his part of the production.

The Hearst Selig Weekly the regular Wednesday feature will be more interesting than ever showing all the current events especially the War news. New Yorkers signing the petition for Leo Frank. Transportation parade at Panama-Pacific Fair, Dr. Carl Foss, Lusitania survivor. Remember tomorrow will be Paramount day, Daniel Frohman presents Mary Pickford in "Behind the Scenes."

LUMBERTON DEFEATS RAEFORD IN AN INTERESTING GAME

Lumberton, N. C., July 6—Lumberton defeated Raeford in a very fast and interesting game of ball here today, the score being one to nothing. Carlyle scored the winning run when Smith threw wild to second in the fifth inning.

It was a pitchers' battle between Currie and Weathers, honors being about evenly divided, each fanning 16 men. The features of the game were the fielding of North and Pope and the catching of McCormick, of Lumberton, and the fielding of Dan McKeithan, of Raeford.

Batteries: Weathers, and Smith; Currie and McCormick. Time, one hour and fifty minutes. Attendance 500.

BUILDINGS MAGNIFICENT.

Prof. Withers Calls Attention of Raleigh People to Fine Schools.

Prof. W. A. Withers, head of the department of chemistry at the North Carolina A. & M. College, was recently in Wilmington and was greatly impressed with the splendid school buildings here. Raleigh is just now discussing with much earnestness the question of whether or not to have a bond issue for the betterment of her schools. The News and Observer yesterday had the following:

"Prof. W. A. Withers said he had lately been in Wilmington and that the school buildings there are truly magnificent. Durham, Asheville, Charlotte and other North Carolina cities had better school buildings than Raleigh, he added. He said also that in his judgment Raleigh could afford just as good school buildings as any other North Carolina city."

NOTICE OF SALE

By Receivers of The Buell-Crocker Lumber Company.

By virtue of the authority vested in us under the terms of a decree of the Superior Court of New Hanover County, we will offer for sale to the highest bidder for cash, at Bannerman's Bridge, N. C., in Pender County, east of Burgaw, at 11 o'clock A. M., on the 20th day of July, A. D., 1915, the following described property, belonging to the Buell-Crocker Lumber Company, to-wit:

(1). "All of that certain tract or parcel of land situated in Pender County, conveyed by John R. Bannerman and wife to Frank Buell, on December 19th, 1909, by deed recorded in book 56, page 532, of the Record of Pender County, and more specifically described as follows, to-wit:

Adjoining the lands of Humphreys and others, beginning at a cypress on a cove near the Northeast River, Humphreys' corner, running thence North 56 East 62 poles and 14 links to a cypress in a slough; thence North 27 west 56 and 14 links to a pine on the brink of a hill; thence South 74 west 48 poles and 14 links to a stooping gum on Shelter Creek, and thence down Shelter Creek as follows: South 9 east 19 poles, south 21 east 32 poles; north 79 west 14 poles; south 43 west 36 poles; south 7 east 32 poles to the Northeast river, thence down the river to Humphrey's line on the south side of a field; thence with Humphrey's line North 11 west to the first station, containing 35-55 acres, more or less.

Together with the mill plant and all the machinery, boilers, engine, belting, shafting, sheds, buildings, dry-kilns and other fixtures connected with said mill plant and necessary for the operation thereof."

(2). "All that certain line of lumber tram-way beginning on the Northeast branch of the Cape Fear River at or near Bannerman's Bridge and running generally eastwardly therefrom in Pender County and Duplin county consisting of about thirty-five and sixty-one hundredths (35.60) miles of twenty-five (25) pound and thirty (30) pound rail, and two miles of Twenty (20) pound iron rail, including all the rights of way either of the main line or branches thereof, all iron rails laid or loose on the main lines or branches thereof, all switches, cross-ties, bolts, fish plates, spikes, and road-way; also including all the railroad rights of way, cross-ties, iron rails, laid or loose, and all other material heretofore connected with the tram-way of the Holly Shelter Railroad Company, or belonging to said railroad company, and all other material pertaining to either and all of the said tram-ways; also fifty-seven (57) kegs of rails and spikes, eleven (11) kegs of railroad bolts and five hundred and sixty (560) pairs of railroad fish plates; also two ordinary locomotives, one big locomotive, in all three locomotives, two Parker skidders, pumps and water tanks and forty (40) logging cars; all of which said material is located in one or the other of said counties of Pender or Duplin, being the same conveyed by the said Cape Fear Lumber Company to the said party of the first part, by bill of sale dated 5th day of January, 1910, and intended to be recorded in said counties with this mortgage."

The above description covers such property described as was owned by Frank Buell on the 6th day of January, 1910, and will be pointed out to the purchaser on the day of the sale.

(3). All those twenty-nine tracts of timber including rights of way, timber rights and other privileges, described in a certain mortgage deed from Frank Buell to the Cape Fear Lumber Company, of date January 6th, 1910, and recorded in book 65 page 367 of the records of Pender County and also described in a deed from Frank Buell to the Buell-Crocker Lumber Company of date January 16th, 1910, by deed recorded in book 72, at page 343, of the Records of Pender County, which is referred to for a more definite description.

(4). Sixteen logging cars purchased from the Smith Kilby Company, now owned by the Buell-Crocker Lumber Company, and any and all other railroad or logging equipment not specified in Article (2) above.

(5). All the mules now owned by the party of the first part, there being fourteen of them; also nine lighters marked "BCL" and numbered one to nine, inclusive, the said nine lighters being all the lighters owned by the party of the first part, also one tug boat named "W. T. Riggan". The said lighters and boat will be offered for sale singly and as a whole and the bids reported to the court for confirmation."

(6). One locomotive purchased from H. K. Porter & Company, of Pittsburg, Pa., during the month of September, 1914, which is practically new and in good condition.

(7). All other personal property of every kind and description not included in the above description, which is now owned by the Buell-Crocker Lumber Company and located in Pender County, North Carolina, at or near Bannerman's Bridge, including tools, office furniture and all other personal property of every kind and description.

(8). All standing timber of every kind and description now located on the Morgan Lee Tract of land and yet uncut, and which was purchased by the Buell-Crocker Lumber Company from J. R. Marshburn and others.

TERMS OF SALE.

The above described property will be offered for sale in separate lots as above indicated, and then the entire property above described will be offered for sale in solido; the respective bids will be reported to the Court and the sale is made subject to the confirmation by the court. Purchasers will be required to deposit with the receivers on the day of the said sale cash or its equivalent in the amount of ten per cent of their respective bids as a guarantee of their good faith, said amount to be forfeited in the event the purchaser should fail and refuse to comply with the purchase; and on confirmation of said sale by the court the balance due on said purchase price to be paid in cash.

FIFTY SHORT LINES IN CONFERENCE ON RATES

With Corporation Commission to Revise Charges

Adjustment Work Left to Corporation Commission by Special Freight Rate Commission—Farmers' Institutes—News Notes.

(Special Star Correspondence.)

Raleigh, N. C., July 6.—Representatives of the fifty short lines of railroad in the State were here today in conference with the Corporation Commission for the purpose of revising the freight rate schedules for the short lines with a view to making as much advance as may be possible in the matter of unification of freight rates. The special freight rate commission, in its final report to Governor Craig and the Legislature, recommended that the Corporation Commission take up the matter of the revision of these rates, the special commission having found it practical for it to deal only with the rates on the main lines and their dependent branch lines.

It is the special hope of the members of the Corporation Commission that it will be found possible to make four or more groups of rates for short lines that will tend largely toward unification, as it is considered impractical to formulate a completely uniform set of rates for all the roads with the diversity of line conditions. Official announcement of the outcome of the conference will be made later by the Corporation Commission in a general order.

New Corporations.

Charters were issued today for two new corporations and applications for two other exceptionally large and important concerns were returned for minor changes before the charters could be issued. The applications that are thus temporarily held up are for a $100,000 cotton mill, and a $60,000 power company. The charters issued follow:

The John Anton Co., of Belmont, capital $25,000 authorized and $1,600 subscribed by John Anton, Isaac Anton and J. N. Simmons for a general wholesale and retail mercantile business.

The Valley River Lumber Co., of Murphy, Cherokee county, capital $50,000 by W. H. Woodbury and W. N. Cooper, of Asheville, and S. Woodbury, of Atlanta.

Farmers' Institutes.

The details for three separate parties to go into three different sections of the State, beginning July 21, to hold farmers' institutes during the remainder of July and August, have been worked out by Director T. B. Parker, of the division of farmers' institutes, of the State Department of Agriculture. The "Northern party" starts its work at Hurdle Mills July 21 and finishes up at Pilot Mountain August 17; the "Southern party" starts at Lee county court house July 21 and concludes its work at Olive's Chapel August 27, and the "Central party" begins its work at Siler City July 17 and finishes at Mineral Springs August 18.

The three institute parties will hold a special joint conference here for a few days before starting out for the institute work. There will be institutes for the wives and daughters of the farmers in connection with each of the farmers' institutes.

Raleigh Firemen Robbed.

The Raleigh police are looking for a thief who slipped into the city fire station No. 3 while the firemen were answering a fire alarm and got away with $50 in cash belonging to different firemen in addition to some other articles of value. The police are still on the look-out also for a thief who broke into the suburban drug store of O. G. King, commissioner of public safety, more than a week ago and got away with considerable valuables.

Tax Auditors Getting Ready.

The newly appointed State tax auditors are here in conference with the Corporation Commission, as State Tax Commission, going over the details of the duties that devolve on them. The three are to start out within the next day or two on their rounds of the counties of the State, working in conjunction with the county officers in the making of accurate lists of persons in the counties liable for the various license and other special taxes and seeking to uncover whatever taxables they may find that are at present escaping their share of taxation. It is an entirely new line of work for this State and the commissioners are confident that the auditors will earn their salaries many times over in the increases they will bring in the tax revenue to the State through getting on the tax books subjects of taxation that are now escaping taxation.

Vital Statistics

The first annual report which is for the year 1914 of the Vital Statistics Department of the State Board of Health has just been issued. The mortality statistics for the towns having a population of 5,000 or over are interesting and enlightening. For instance, Fayetteville is found to have had last year the highest death rate from both typhoid fever and tuberculosis and she is only fourth from the top in the number of baby deaths from diarrhoeal diseases. Her rates per 100,000 population are: Typhoid, 143.0; Tuberculosis, 437.7; Diarrhoeal diseases 244.5. The average death rates of the registration area of the United States for these three diseases are per 100,000 population: Typhoid, 17.9; Tuberculosis, 147.6; Diarrhoeal Diseases, 75.2.

Goldsboro plays Fayetteville a close second with a Typhoid rate of 132.9 and with a tuberculosis rate of 388.6. Her rate for diarrhoeal diseases is 230.9.

Elizabeth City had according to her population the greatest number of baby deaths last year. Her rate for the diarrhoeal diseases was 361.2. Winston-Salem followed with a rate of 278.3, while Rocky Mount was next with a rate of 272.6.

Winston-Salem follows Fayetteville as having the next highest tuberculosis rate, which is 468.4, while Rocky Mount was second with 360.5 and Elizabeth City third with a rate of 345.4.

Kinston, N. C., July 6.—Measured in dollars and cents, the rains of the last 48 hours in this part of the State have been worth hundreds of thousands of dollars to the planters. L. J. Newborn, a local bank cashier, declared yesterday that he would not hesitate to say the benefit accruing to Lenoir county alone was $100,000 worth. Nearly all growing crops will be benefitted. The gale which accompanied the rains in the counties southeast of here did a minimum of damage. In all sections the necessity of moisture was just becoming imperative.

N. C. FIREMEN'S TOURNMENT

Official Programme is Issued and Newbern is Getting Ready to Welcome the Laddies.

(Special Star Correspondence.)

Newbern, N. C., July 6.—Newbern is getting in readiness for the North Carolina Firemen's Tournament, to be held in this city on August 10th to 13th, and when the fire laddies from various parts of the State arrive they will find the city ready to welcome them with open arms. The following is the official program which has just been issued:

Tuesday, August 10th.

11:00 Convention called to order by the president at the Court House. Prayer. Opening ceremonies. Address of welcome. Responses. Regular order of business. Recess—Dinner.

2:00 P. M. Business session.

4:30 P. M. Baseball.

8:30 P. M. Business session.

Wednesday, Aug. 11th.

9:30 A. M. Firemen parade.

2:00 P. M. State horse hose wagon contests. First prize, $100.00; second prize, $75.00; third prize, $50.00; fourth prize, $30.00; fifth prize, $20.00.

4:30 P. M. Baseball.

Thursday, Aug. 12th.

10:00 A. M. State hand reel contest. First prize, $100.00; second prize, $75.00; third prize, $60.00; fourth prize, $40.00.

11:00 A. M. State grab reel contest. First prize, $50.00; second prize, $30.00; third prize, $20.00.

1:30 P. M. Dutch lunch, served to firemen, at Stanley Hall.

4:30 P. M. Baseball.

Friday, Aug. 13th.

10:00 A. M. Interstate hand reel contest. First prize, $100.00; second prize, $75.00; third prize, $60.00; fourth prize, $40.00.

11:00 A. M. Interstate grab reel contest. First prize, $75.00; second prize, $60.00; third prize, $50.00; fourth prize, $40.00.

2:00 P. M. Interstate horse hose wagon contest. First prize, $125.00; second prize, $100.00; third prize, $60.00; fourth prize, $40.00; fifth prize, $25.00.

4:30 P. M. Baseball.

The social side of the program is receiving special attention.

WANTS REFORMATORY.

Judge Allen Would Establish Institution for Boys at Raleigh.

(Special Star Correspondence.)

Kinston, N. C., July 6.—Judge Oliver H. Allen, of the Superior Court, is the East Carolina Ben Lindsey for boys. He is advocating the establishment of a reformatory in an unused portion of the penitentiary at Raleigh, and favors the "binding out" method in place of the "parole supervisor" system. He thinks the latter is not effective in North Carolina. In an interview Judge Allen said that there are always good men willing to take boys when they are given legal custody of them as well as the responsibility for their conduct. "I am real proud of one little mulatto in Duplin county," the judge said. "He was burning woods and stealing—a perfect little waif. I bound him out. He is now so attached to his white master that he gets homesick if he has to leave the place for any length of time. He is going to make a good man."

WEEKLY WEATHER FORECAST

Conditions in Southeast Will be Fair and Moderate.

Washington, July 6.—Weather over the Southeast will be fair with moderate temperatures during most of the coming week, the weather bureau predicted today. The announcement said:

Middle Atlantic States: Fair and moderate temperature during the next three to four days, followed by overcast, warmer weather and local thunder showers after the 10th.

South Atlantic and East Gulf States: Fair weather with normal temperatures during the next four days, except probable showers on the South Atlantic coast. Unsettled with probably showers after the 10th.

West Gulf States: Generally fair and moderately warm.

Tennessee: Fair and moderately warm until about the 10th, then a short period of overcast weather and probably showers. Fair and cooler toward the end of the week.

FUNERAL OF GEN. DIAZ.

Held Yesterday in Paris—Body to be Brought to America.

Paris, July 6.—The funeral of General Porfirio Diaz, the former President of Mexico, was held at 10:30 this morning in the Catholic church of St. Honore D'Eylau. The large funeral assemblage included representatives of the government of France and the city of Paris.

Mexico was represented by Francisco De La Barra and all the prominent members of the Mexican colony.

The Ecuadorean minister to France and the military attache of the Japanese embassy also were present.

The body of the late Mexican president was deposited in the vault of the church where it will await shipment to America a few days hence.

BRITISH EMBASSY TO HELP.

In Efforts to Get Silk Mill Machinery Through for Valdese.

(Special Star Telegram.)

Washington, D. C., July 6.—Herbert O. Sink, secretary of Senator Simmons, was today advised that the British embassy will make an effort to secure a safe conduct for the machinery for the silk mill at Valdese, N. C., which is now held up en route from Switzerland to this country.

Senator Simmons and other North Carolinians have been making persistent efforts to have this machinery brought through. P. R. A.

KILL COCKROACHES

Easy Matter to Exterminate These Filthy Pests.

Even a feeble imagination can think of the germs the cockroach must bring as it crawls around the kitchen and pantry, contaminating and spoiling food. Now is the time to kill off the cockroaches and free your home from the repulsive insects. A dozen cockroaches killed now is better than killing hundreds later.

A two ounce box of Stearns Electric Paste, which you can get for twenty-five cents from any druggist, will rid your home of cockroaches or water bugs. It is much better than powders, as it can not blow away and get into the food. Easy to use and an absolute exterminator. Directions in fifteen languages in every package.

"Get Up" and Get

Don't you back up or stop until you've tried U. S. MARINE. It's the *one* perfect tobacco for the big, two-fisted, out-of-doors man who wants a rich, mellow tobacco for both chewing and smoking.

You get hold of U. S. MARINE. Note the honest sweetness of this pure Kentucky leaf, aged for three to five years to bring out all its mellow fragrance and flavor. U. S. MARINE has the genuine snap and taste that you *want* in tobacco.

U.S.MARINE

Cut Plug Tobacco

is *purposely* made up for the sturdy man who is hungry for a real man's tobacco. For many years all sorts of brands have tried to beat out U. S. MARINE but the old he-boy is still the king-brand of them all.

Nothing fancy about the U. S. MARINE package—we put all the cost into the tobacco. As you say of a horse, "he's all horse"—so we say of U. S. MARINE—"it's all tobacco."

U. S. MARINE is the *longest lasting* 5c worth of *good* tobacco ever sold. Slow burning in the pipe. The flavor is *enduring* when you chew.

Hitch up with U. S. MARINE for a week's trial, and you and U. S. MARINE will always pull together like a well-matched team.

Sold everywhere in 5c packages.

THE AMERICAN TOBACCO COMPANY

GEO. O. GAYLORD'S

CLEARANCE SALE

Is being quite a success. The full page ads in nine country papers have made it well known throughout the country and the bargains that are offered in printers' ink has been substantiated by producing the goods.

There are a great many things reduced 50 per cent, some things 33 1-3 per cent. Almost everything reduced. We are selling good yard-wide bleaching 5c a yard, 10 yards to a customer. We have forty styles of different kinds of shoes that we have cut the price on largely. We are selling $1.25 and $1.50 shoes for 84c. $1.75 Boys' Shoes selling for $1.00. $1.25 Ladies' Slippers 79c.

In the Ladies' Ready-to-Wear Department we are making big sales—the price has been reduced in everything and we have made quite a success in the number of sales made. A satisfied customer is the best proof. We save you money and sell you what you want. A pile of white skirts going at 69c. Less than one-third their value. Ladies' Panama Suits that sold for $8.98—brand new goods, selling for $7.48. About 15 dozen Ladies' new and pretty Waists, worth 98c, are being sold at 69c.

In the Millinery Department the store looks like Easter season. We are showing new hats, flowers and ribbons.

Fifty pieces new Calicoes going at 4 1-2c a yard; 400 yards of good Dress Ginghams selling at 4 1-2c a yard; 3,000 yards of Cheviots, a good 10c quality in the best goods for 8 1-3c a yard—special.

Men's Seasucker Suits—the coolest things yet, at $2.65 a suit. Men's Silk Socks, regular 25c goods, three pairs for a half dollar.

Ladies' Dress Goods and Wash Fabrics, the new things that are being worn, on sale at low prices. Thirty pieces of Silk on sale at 19c a yard. We spent money advertising this sale, and so far as the profit goes we don't expect to make a cent. But are selling lots of goods for the Cash. Goods are cheap and we want to unload them. The store will be closed Monday, but the sale lasts until the 13th, and new goods and new bargains will be added every day. Remember the place.

GEO. O. GAYLORD'S

MISS NORA KELLY DEAD.

Well Known Young Lady Who Lived in Duplin County.

(Special Star Correspondence.)

Mount Olive, N. C., July 6.—Miss Nora Kelly, a well-known young lady residing near here, in Duplin county, died at her home Monday afternoon about six o'clock, the immediate cause of her death being typhoid fever, though she had been an invalid for a number of years.

Two sisters, Mesdames Mary Turner and Lou Barwick, and one brother, R. J. Kelly, and a number of other relatives survive. Remains were interred in the family burying ground this afternoon at four o'clock, Rev. F. B. McCall, pastor in charge of the Mount Olive circuit, conducting the funeral services.

WILSON VOTES BOND ISSUES.

Will Spend $245,000 on Streets, Gas Plant and Water System.

(Special Star Correspondence.)

Wilson, N. C., July 6.—Featured with concerted effort, workers busy here and there, the people of Wilson voted for the special bond issues Tuesday by a good majority. The improvement bonds include $80,000 for streets, $90,000 for a new water system and $75,000 for a municipal gas plant. The plant for the grading and paving of streets provides for the payment of one-third from the proceeds of the bond issue and two-thirds by abutting property owners. This means the expenditure of $240,000 for streets.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the county at $6 per year, $3 for six months; $1.50 for three months; or served by carrier in the city and suburbs at 60c. per month, or, when paid in advance, $7.00 per year, $3.50 for six months, $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51. Editorial and Local rooms, No. 61.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

WEDNESDAY, JULY 7, 1915.

TOP O' THE MORNING

After every storm the sun will smile, for every problem there is a solution, and the soul's indefeasible duty is to be of good cheer.

—WILLIAM R. ALGER.

"Trust crushed to earth will rise again", but those who really expect it to rise will have to wait about a hundred years after the war.

The fact that a great many strikes are accurring in the North indicates that the working people have decided to insist on their share of evident prosperity.

If Sir Edward Grey carries out his war ideas he will be a big man, but if the cogs slip he will have to take more blame than the ugliest wife in a Hindu harem.

People now can see the difference between Colonel Bryan's way of putting an exclamation point after peace, and that of Frank Holt, who uses pistols and bombs to punctuate peace.

A number of Americans remain in warring Mexico while others just take a trip on a ship that is loaded with contraband and takes chances on not having a collission with a German submarine.

Lots of the courts, jurors and lawyers engaged in looking into Harry Thaw's case don't know whether Thaw is a guy that's nutty or is just as smart as they are. It takes a long time for them to show whether it is they or Harry that is in the worst fix.

One way for each town and county in North Carolina to help the State Bureau of Publicity to give publicity to progress in this State is to do something that the State Bureau can mention in an exclamatory manner. "The gods help those who help themselves" without waiting for the gods to do all the work.

Huerta seems to be hurt that he has been arrested and jailed on suspicion of going down on the Mexican border to start a revolution. Of course, we have to apologize to the old Indian if he can make us believe that he went down on the Rio Grande so he could look across the river into Mexico for his health.

When the campaign opens, the Republicans will remind you that the Treasury deficit is due to the Democrats but that the billion dollar balance of trade is due to the war in Europe. Of course, they will offer argument on that line, but will depend more on the presumption and assumbtion that the people are fools.

Says the New York World: "The Georgia legislature has adopted a standing rule providing that no member shall be admitted in an intoxicated condition". However, we fear that many a Georgia legislator will act on his dignity and make the door keeper think he is a member of the British parliament dropping in on a visit.

Carranza wants Huerta but Huerta is not flattered on account of Carranza's great desire to secure possession of his distinguished person. Carranza does not want Huerta so he can tickle his goozle and lubricate it with firewater, so Huerta would thank Uncle Sam to refrain from being thoughtless enough to hand him over to Carranza for use as a souvenir.

Colonel Bryan on Monday delivered a Fourth of July oration at the San-Francisco exposition. He spoke on "Universal Peace" and said his audience was the largest he ever addressed. The crowd which tried to hear him was estimated at 150,000. When a man has a message to deliver, the crowd is willing to hear him, whether the newspapers refuse to print his deliverances or not. The crowd may turn a deaf ear to all that is said, but what the crowd wants to do is to be on hand when anything is going on, whether it be a dog fight or a street riot.

WATER FRONT FACTORIES.

A visitor in Wilmington asked us what had become of The Star's frequent exploitations of both sides of the Cape Fear river and Brunswick bay for factory sites. He declares that Wilmington ought long ago to have adopted the suggestion as a get-factories scheme, and push it for all it is worth. There is none better, he says, when it is considered that there is an available water front of nearly fifty miles along an ocean gateway channel from Navassa past Wilmington to Southport.

Of course, The Star has often called attention to it and emphasized the great advantage it gives Wilmington for large export and domestic manufacturing plants, but for some reason or other the proposition has never been adopted and exploited as a Wilmington plan to attract seekers after peculiarly available sites for industries of every description. Our visitor says it is the finest water front opportunity he has seen in the South, and it has a decided advantage over nearly all he has seen North or South. Huge industries, he reminds us, line both sides of the Delaware, from Philadelphia down to Chester, Pa.; in fact to Wilmington, Del., and Baltimore, at the head of Chesapeake bay.

The party recalling this opportunity that Wilmington has, declared that we certainly ought to let the new State Bureau of Publicity know that North Carolina has one great opportunity for factories lining a water front along which ocean steamers pass out to all the world. He says he has been from Navassa five miles above Wilmington, to Southport, and the oftener he sees it the more deeply is he impressed with the magnitude of Wilmington's opportunity to become a great Southern manufacturing port, just as New York, Philadelphia and Baltimore are. Baltimore last year had a manufacturing output of $150,000,000, and the manufacturing spirit there is making rapid progress.

Certainly the Cape Fear ocean gateway offers every advantage that our appreciative observer has referred to, but the opportunity is even magnified by the fact that a belt line railway extends clear around the city and is in touch with deep water along the entire wharfage system of the port. That is not all. A railroad parallels the ocean gateway for 35 miles, so close to it that short side tracks can be readily built to deep water along the western side of the channel to the ocean. On the east or city side, there are 20 miles of water front, a large portion of which contains some of Wilmington's largest industries, already availing themselves of the double advantage of both water and rail transportation.

Well, if anybody should ever ask you what Wilmington's chief advantage is for manufacturing, all you have to say is that it is her ocean gateway, linked up with a belt line railway and served by two of the South's great railway systems running to all points North, South and Southwest. That's all.

If we are going to study our resources, advantages and opportunities, let us begin at home. We ought to know those of all of North Carolina, but we certainly ought to enlarge our ideas about Wilmington's one tremendous advantage for mammoth manufacturing establishments and small ones as well.

If some cities had what Wilmington has, the army would have to be sent into their midst to hold them down.

LOCAL PRIDE AS A VIRTUE.

From a North Carolina text, the Jacksonville Times-Union preaches an inspiring sermon on local or state pride as a virtue. Note here what a fine sentiment Florida's great paper utters in this connection:

"Humility is a Christian virtue but pride is a safeguard for the citizen when it is based on solid values and not the mere pretense which is the vanity based on ignorance more often than on knowledge. It is sometimes assumed that state pride since 1861 is somewhat out of place since the nation has now so largely absorbed the states as to make their boundaries negligible, but love of an empire like that of humanity is apt to become a bit too big for the living need of the average man. Let us revive the local pride which serves to sustain national patriotism as a thousand rivulets make up the rivers that feed the great sea; the pride in a town that makes a stain on its record felt as a sting by every citizen—pride in the country that would keep it clean and make it prosperous beyond its neighbors."

The Times-Union was referring to the North Carolina Historical Society as a potential means of inspiring greater State pride. Probably no State institution is giving North Carolina such a high type of individualism as the Historical Society is doing by its assiduous, earnest and practical efforts in the matter of preserving and putting State history on record. A state's history is the fountain-head of its pride, and it is easy to note a tremendous growth in State pride in North Carolina. Not only the State Historical society but the University, the colleges and the public school system of North Carolina are inculcating and teaching it and making a prouder and more self-respecting citizenship. It is quite noticeable to us. We are proud of it and we are proud to have North Carolina pointed to as an example for the splendid state of Florida. Taking notice of the recent meeting of our State Historical Society at Raleigh, The Times-Union lays emphasis on what some writer interested in the society wrote about it, as follows:

"The North Carolina body is assisted by every writer in the State; it gathers into its hands all the threads of local history leading from the county seats and larger cities; it keeps account of all publications by North Carolinians or about North Carolina; it is collecting the ballads of the region, bringing to sight the forgotten fiction dealing with its life, and in every way making itself the custodian of a definite North Carolina culture. 'There never was a time,' remarked one speaker, 'when a North Carolinian could be a gentleman and be ignorant of the history of his own state.' All the activities of the association look toward the cultivation of a general pride in the past of the State, as the basis of a wish to do something for her future."

It is a pleasure to have this impression of North Carolina going abroad, and the State certainly owes much to its Historical Society for giving North Carolina character and reputation among her sister States. As a final observation, we want to say especially that state pride inspires greater patriotism, and it is quite noticeable and gratifying that both the boys and the girls of North Carolina manifest pride and patriotism that augurs well for the destiny of the State.

SOUTHWARD, HO, FOR SHIP-BUILDING.

A correspondent writing from Portland, Me., to the New York Journal of Commerce, touches interestingly upon the prospect of reviving the great shipbuilding industry of Maine. Great as is the present opportunity for encouraging the creation of an American merchant marine, he says it does not seem to impress the veteran shipbuilders of the Maine coast that there is any likelihood of reviving the abandoned shipyards of that state.

The reasons, says the Portland writer, are clear to one who will talk with the men who made Maine's schooners and yards famous, and then contemplate the changes of time. Maine's shipbuilding came into existence through natural causes and declined because of equally natural and evolutionary causes. There may always be shipyards along the Kennebec, he says, but it does not necessarily follow that, because they once turned oue clipper ships that carried the Stars and Stripes triumphantly into every sea the vessels they built will engage in the same romantic careers. He confesses that ship-building changes with the needs of the times, and the kind of ships which will mark any impending revival of the American merchant marine are not likely to be the sort which Maine can profitably or conveniently produce.

That view is correct. Wooden ships of old have seen their day, hence Maine's adaptabilities for producing ships from her great forests are negligible. Deep sea ships, such as are commonly contemplated in the world's ocean routes, must come from yards possessing the advantages, economies, efficiencies and accessability of ports in easy reach from the iron and steel producing regions. Big steel ships and even barges are the only kind that meet present day needs, and they must be built where the steel and iron products can be had close at hand.

Wilmington and other South Atlantic ports, in direct rail touch with the Birmingham district, now have recognized adaptabilities for shipbuilding, just as have Philadelphia, Chester, Pa., Wilmington, Del., Baltimore and Newport News, so available to the Pittsburg steel producing region. From Philadelphia southward along the South Atlantic and Gulf coasts as far as Mobile, the shipbuilding adaptabilities eclipse those of all other American ports. That is logical. It is especially logical for our own port of Wilmington that is in direct rail connection with the rolling mills in Alabama and Tennessee.

We may not think of it very much in Wilmington, but not the least surprising thing in the near future would be that this port would be picked out for a great American shipbuilding industry. Here we can get both the iron and the steel to the best advantage.

Already it is said Newport News is America's greatest shipbuilding port. How can the South help being some day the greatest portion of America?

ONE STATE IGNORES ANOTHER

Nations on terms of international amity have treaties under which fugitive criminals can be extradited, and even their own citizens are sometimes sent back to foreign lands to be tried for their lives. Porter Charlton, the American, charged with murdering his wife on their honeymoon at Lake Como, Italy, furnishes a notable example. Charlton is an American, yet the United States acceded to Italy's extradition process.

We have a state in the American Union, however, which denies the requisition of a sister state for the delivery once of a man charged with murder to the authorities of the state which seeks to vindicate its laws. The state making the requisition is South Carolina and the state which ignores its sister is Pennsylvania. Governor Brumbaugh, of the Keystone State, turned down the requisition of Governor Manning, of the Palmetto State, on the ground that the prisoner will be iminent danger of being lynched if he is taken back to South Carolina. The governor of Pennsylvania is guessing about that, but it is a rough guess on South Carolina.

It comes to a pretty pass when one state cannot trust another, but, of course, if the citizens of a state habitually take the law into their own hands and lynch men entitled under the constitution to a court trial, what else can its sister states do but betray a lack of confidence in the justice of a sister state? It is tough but reasonable, if true.

According to the Columbia State, yesterday, new requisition papers on the governor of Pennsylvania for the return of Joe Grant, alias, Fred Brown, a negro wanted in Edgefield county on the charge of murder, were signed on Monday last by Gov. Manning. Thomas H. Peeples, attorney general, and George Bell Timmerman, of Lexington, solicitor of the Eleventh circuit left last night for Harrisburg, Pa., where they will represent the State of South Carolina at the hearing before Gov. Brumbaugh. A former governor of Pennsylvania honored the requisition papers from South Carolina and the case was appealed to the United States supreme court. The negro lost his case. Gov. Brumbaugh then revoked the order of the former governor and a new hearing was ordered.

Of course, Governor Brumbaugh will finally turn over to South Carolina a man wanted in the latter state for murder. It would relieve him of the responsibility and throw it on South Carolina, whose duty it is to protect even a murderer from mob law. Nevertheless, it is a reproach that the citizens of a state should not bring upon their own state and its constituted authority.

Lynching is one reproach that loyal and law-abiding citizens of a state can save their state from being compelled to bear. When mobs violate the laws of the state to which they owe their allegiance it becomes the crime of the state. It is not the "Unknown men" who have to bear the blame abroad but the state of which they ought to be proud. The citizens of a state who bring reproach upon their state have no reason to be offended when another state offers it such an affront as to refuse to give over to it for trial a man charged with murder.

A more loyal state sentiment and state pride ought to put an end to lynching, if nothing else will. Murder by a criminal does not warrant murder by citizens who engage in lynching and thus also become murderers in spite of what they may think about it.

CURRENT COMMENT.

Mr. Bryan proposes to spend his summers in Asheville, his winters in Miami and the balance of the time on the lecture platform, and still Nebraska is to be his home. This is what we call covering wide territory.—Charlotte News.

The brethren of the Press Association seem to feel especially good over having elected as their president for the year James H. Cowan, of the Wilmington Dispatch. Mr. Cowan enjoys a well-deserved popularity in the craft, and will serve the association, as its president, in able manner.—Greensboro News.

Col. S. A. Jones makes the very proper suggestion that the Secretary of the Treasury add Senator Simmons to the committee appointed as trade pioneers in Central and South America. This committee has an important line of work mapped out and it would profit by the experience and wisdom of the senior Senator from North Carolina. Colonel Jones, by the way, proposes to turn his "direct mail line" map to a good purpose in supplying reduced copies to the newspapers of the country, for it is alike illustrative and demonstrative. It will serve both as a mail line and shipping line argument, and emphasize the commanding position held by Wilmington and Southport.—Charlotte Observer.

The committee appointed "to recommend such changes in the organization and in the procedure of the courts as shall eliminate the delays and other defects complained of," has issued a circular letter to the public inviting suggestions. The committee "feels unable to grasp fully so vast a subject and to recommend all the measures that are desirable without the aid of the intelligence and public spirit of the people themselves." It is rather honestly argued that while lawyers and judges feel a natural interest in this matter, "they are not those solely interested for they are merely the agents of the public in the administration of the courts." Laymen, therefore, are invited to send in suggestions, and a letter to Mr. W. S. Wilson, at Raleigh, will reach the proper authority.—Charlotte Observer.

Momentous Future In Woman's Mind

The expectant mother revolves in her mind all we understand by destiny. And it is of the utmost importance that her physical comfort be our first thought. There is a most splendid remedy for this purpose, known as "Mother's Friend." It is applied over the muscles of the stomach, gently rubbed in, and at once penetrates to relieve all strain on nerves, cords, ligaments and all parts involved. It makes the muscles so pliant that they expand naturally. And at the same time they are invigorated by the absence of harassing pains so apt to distress the mind. Whatever will add to the comfort of the expectant mother is a great and helpful influence since a calm and peaceful period must have a wonderfully beneficial impress upon the coming child. Get a bottle of "Mother's Friend" of any druggist and you will realize why so many women declare it to be the most helpful remedy they know of. Write today to Bradfield Regulator Co., 703 Lamar Bldg., Atlanta, Ga., for a splendid book of great interest and value to every expectant mother.

Among the letters of interest in this book one says, in part, "Seven years ago I suffered from Wednesday to Saturday and had to have instruments. This time I was sick only three hours. I want to tell all that I can not praise 'Mother's Friend' high enough for the good it did me, as I had an easy time and the baby was perfect. I will always speak a good word for it."

IN ALL OUR NEIGHBORHOOD

There Is Hardly A Woman Who Does Not Rely Upon Lydia E. Pinkham's Vegetable Compound.

Princeton, Ill.—"I had inflammation, hard headaches in the back of my neck and a weakness all caused by female trouble, and I took Lydia E. Pinkham's Vegetable Compound with such excellent results that I am now feeling fine. I recommend the Compound and praise it to all. I shall be glad to have you publish my letter. There is scarcely a neighbor around me who does not use your medicine."—Mrs. J. F. JOHNSON, R. No. 4, Box 30, Princeton, Illinois.

Experience of a Nurse.

Poland, N. Y.—"In my experience as a nurse I certainly think Lydia E. Pinkham's Vegetable Compound is a great medicine. I wish all women with female troubles would take it. I took it when passing through the Change of Life with great results and I always recommend the Compound to all my patients if I know of their condition in time. I will gladly do all I can to help others to know of this great medicine."—Mrs. HORACE NEWMAN, Poland, Herkimer Co., N. Y.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

PLANNING TO IMPROVE WRIGHTSVILLE BEACH

...c Meeting of Citizens to be Held on July 15

Property Owners Called Together Yesterday to Discuss Matters of Vital Interest—Several New Features Proposed.

Residents and property holders of Wrightsville Beach met yesterday afternoon in Mr. Hugh MacRae's office in the Murchison National Bank building to discuss matters of vital interest to the resorts and to put plans on foot for the improvement of home comforts, of accessibility, attractiveness and social enjoyment.

Mayor Thomas H. Wright acted as chairman of the meeting and Mr. H. E. Bonitz acted as secretary. A free discussion was entered into heartily by those present of the various suggested schemes and plans and it was unanimously decided that a meeting of all the residents of Wrightsville Beach and property holders be called to meet at the Seashore Hotel, Thursday evening, July 15th, at 8 o'clock. All present assured Mayor Wright that they would exert their personal influence to make this meeting a success.

The mayor asked Mr. Hugh MacRae to outline the various important things that the residents and property holders of the beach could co-operate in and thus bring about a community interest and also make Wrightsville Beach one of the most important factors in the development of the State. Mr. MacRae outlined the improvements under eight different heads:

"First—The deepening of Moore's Inlet which would make a harbor of refuge for pleasure yachts, passing by Wrightsville Beach en route to and from Florida.

"Second—To have a distinctive plan for the beautifying of the Beach, improving the lots along the right of way, planting of shrubbery, and the making of beautiful lawns and flower gardens, as well as to have a uniformity of design in cottages and a practical color scheme that would greatly beautify the present structures.

"Third—The construction of a modern and substantial speed way from the city of Wilmington to Wrightsville Sound, and connecting with a cause way that will be constructed from the main land to the Beach.

"Fourth—The building of a large auditorium that will take care of all future conventions that will come to Wrightsville Beach. The auditorium is an assured fact if the people of Wrightsville Beach feel that now is the time to have such an inviting structure.

"Fifth—The construction of a large hotel that will be known as the "Shriners Hotel".

"Sixth—The supplying of Wrightsville Beach with gas for both fuel and heating of cottages. A canvas will be made of the Beach to ascertain if the residents of Wrightsville Beach are now ready to entertain a proposition from the Tide Water Co. to supply them with gas for dual purposes.

"Seventh—To provide annual days for special entertainment, such as flag day, floral day, and lantern day.

"Eighth—The appointing of a Committee whose special business shall be to invite various organizations and societies to hold their conventions on Wrightsville Beach."

The Mayor was asked to appoint a committee of five to arrange a suitable programme for the meeting July 15th at the Seashore Hotel. Their names may be given out today.

The following were present at the meeting: Thomas H. Wright, J. A. Taylor, L. Bluethenthal, A. B. Skelding, H. E. Bonitz, Hugh MacRae, J. G. L. Gieschen, Raymond Hunt, Louis Hall, J. Irving Bear, Ancrum Lord, Louis Goodman, Rev. Thos. P. Noe, J. Lawrence Sprunt, H. Woolcott, J. G. L. Gieschen, Louis Stein, M. F. H. Gouveneur, Cuthbert Martin,

MOVING ON NICELY.

Mrs. Pridgen Reports Progress of Work at Baby Hospital.

Mrs. C. L. Pridgen reports that the work at the Baby Hospital is moving on nicely. Quite a number of donations have been received recently but there is still a need of night gowns, baby bands and baby pillow cases, size 17x19.

Those contributing recently are as follows: Sterchi-Hancroft Co., nurses' table; Wilmington Furniture Company, one porch shade; Woodall & Sheppard, $10 worth of drugs; Wilmington Grocery Company, groceries; Kress Five and Ten Cent Store, kitchen utensils and incidentals; W. L. Springer, hardware; Mrs. C. F. Taylor, night gowns.

EXAMINATIONS TOMORROW.

For Entrance to A. & M. College and Also for White Teachers.

Prof. Washington Catlett, county superintendent of public instruction, will tomorrow conduct examinations at the Court House for entrance to the A. & M. College at Raleigh and also for any white teachers desiring to teach in New Hanover county. The examinations will begin promptly at 9 o'clock and all those desiring to take the examinations are requested to be on hand at that time.

On Friday Professor Catlett will conduct examinations for negro teachers desiring license to teach in this county.

SUBSTITUTE COTTON FOR JUTE.

The Willard Bag & Manufacturing Co., Has Big Order.

As a counterbalance to the lowered demand for cotton as a result of the European war, the price of jute, which is used as trench bags by the soldiers, has gone so high that many American firms that used this tough material, are now finding it best to substitute cotton, thus making the market better. The Willard Bag & Manufacturing Co., have several large orders for material in which cotton is to be substituted for jute. This will mean much to the cotton growers of the South.

GOES TO LENOIR

Elder Bixler Closes Meeting at Advent Christian Church

Elder A. L. Burr Bixler, the inspiring preacher at the recent meeting at the Fourth Street Advent Christian church, left yesterday for Lenoir, N. C., where he will attend a meeting of Southern Publication Society of the Advent Christain church. Elder Bixler, is a publisher and editor as well as a preacher. As a proof of the strength of his sermons here, five accessions were made to the church during the meeting and the new members were baptised Sunday.

NEW ORDINANCE ADOPTED

Regular Weekly Meeting of City Council—Proposition to be Made to Keep Market House Open.

The question of revoking a restaurant license of Hattie Dudley, a colored woman, who has been conducting a place on Castle street, between Ninth and Tenth, occupied most of the time of City Council at the regular meeting last night. An ordinance was introduced and passed its first reading fixing the duties and compensation of the newly created office of City Attorney and resolutions were adopted instructing the Chief of Police to notify all persons doing business without license that they must comply with the law and instructing the same officer to issue warrants for persons who have failed to pay their license tax for the fourth quarter of the last fiscal year.

The special committee on the Front street market, composed of Councilmen Merritt, McCaig and Bunting, did not make a report and the proposition of renting a part of the market to Messrs. Davis & Hintze was not taken up. This firm, however, has a proposition to make the city for leasing a part of the market in which it will be expressly stipulated that the place will be kept thoroughly sanitary. The health department has pronounced the place as at present conducted as unfit for the sale of foodstuffs and J. J. Hopkins Son & Co., who held a long time lease, have already moved out. As soon as the Board of Health has considered the proposition of Davis & Hintze, it will be brought before Council. Several of the Councilmen have expressed themselves as being of the opinion that there is too much at stake to abandon the Front street market altogether.

Councilman Hall introduced a resolution last night, authorizing the recall of all special officer badges and providing that in the future no badges be issued except through the Councilman of public safety and making the wearing of a badge, except as specified by law, a misdemeanor punishable by a fine of not more than $10.

Councilman McCaig introduced the ordinance specifying the duties and compensation of the assistant city attorney, to which office Wm. J. Bellamy, Esq., was recently elected. His duties are defined as being to collect all delinquent taxes after June 1st, the end of the city's fiscal year; to collect all assessment against property for improvements on sidewalks which remain unpaid after the owners have been given 30 days' notice by the city clerk and treasurer, and to collect all rents due for water and sewerage after ten days' notice by the superintendent of the department. His compensation is fixed at 10 per cent of the amount collected when by a process of levy or in person and in the event of suit being brought it shall be 20 per cent up to an amount of $1,000, and in excess of this it will be 10 per cent.

Hattie Dudley and her husband, George Durant, whose restaurant license was revoked at the last meeting of Council, presented a petition signed by several white citizens and a number of colored ones, asking that she be allowed to continue the restaurant.

A communication was read by the city clerk from Rev. W. G. Hall in which he commended Council for its action at its last meeting. Plainclothesman D. W. Coleman told Council that the place had been the center of a gathering of loafers, gamblers and all kinds of people. He pointed out that sidewalks were frequently blocked so as to make it hard for pedestrians to pass. He had seen no evidence of actual disorder.

Mr. J. C. Vereen, who lives near the restaurant, told of conditions in that vicinity, but said it was no worse there than at Seventh and Castle. He had seen no disorder. He pointed out that there were only two policemen between Market and Greenfield and that all the way down Castle street crowds congregate on the thoroughfare on Sundays and other days.

Plainclothesman Leon George was emphatic in his condemnation of Dudley, whom he declared was not conducting an orderly place.

A motion made to rescind the action of the last meeting in revoking the license was lost, Councilmen McCaig and Hall voting against it and Councilmen Merritt, Bunting and Bradshaw for it. Councilman Jones was not present at the meeting last night.

Councilman Merritt was of the opinion that so long as there was good order inside the place—and the officers could not testify that it was not otherwise—that there was no reason to revoke the license. He did not think that the negro could be held responsible for the crowds on the streets. City Attorney Ruark said that in his opinion the negro could not be held responsible for what was going on in the streets, if it was found he was conducting his place in an orderly manner.

City Attorney Ruark reported in reference to the matter of having the Atlantic Coast Line build a retaining wall at Fifth street bridge in Brooklyn that the railroad had pointed out that there was an agreement made in 1901 by which the city promised to keep up all drainage on Fifth and Sixth streets and to care for the embankments. He said he was looking into the matter and would report later.

Mr. W. D. MacMillan, Jr., was before Council with reference to two bills, one for $36.75 and the other for $94.05, for materials furnished the street department last year. The question of payment of the bills arose over the fact that the proper requisitions had not been issued. The matter was referred to Councilman Merritt.

Bonds for the safe deposit of funds of the city were submitted by Councilman McCaig for the following banks and the sums given: Citizens, $10,000; American National Bank, special, $50,000 and $50,000, regular; Wilmington Savings & Trust, $30,000; Murchison National, $50,000; People's Savings, $20,000; Home Savings, $10,000; Atlantic Trust & Banking Co., $20,000.

A petition from citizens asking for the improvement of Fifth avenue between Brunswick and Bladen was referred to Councilman Bradshaw for attention.

Upon motion of Councilman Bunting, Mr. N. H. Davis, who has been serving as substitute in the fire department, was elected to fill a vacancy in this department.

Councilman Bunting gave a report of his investigations of lights in Baltimore, Norfolk and Richmond. He had been especially impressed with the lighting system in Baltimore, which is similar to the one it is proposed to establish in Wilmington.

City Engineer David L. Struthers, being present, was asked to tell Council something about the best means of providing sewerage for the recently annexed suburbs. He declared that by all odds the system of sewerage already installed by the property owners at Carolina Heights was the best the city could secure and recommended that it be connected with the city mains. He discussed at some length other matters with reference to the extension of sewerage and water improvements.

The following are the resolutions adopted upon motion of Councilman McCaig:

"Whereas, There are a large number of persons doing business in the city of Wilmington who are not paying license taxes and who apparently are subject to such payment;

"Be it resolved by the City Council, That the chief of police be instructed to notify all such parties of the sections of the Ordinances applying to persons doing business without a license and in the event of failure to take out license as required by the Tax Ordinance to take such legal steps as are provided for by law by and with advice and direction of the city attorney."

"Whereas, By direction of the Council, the chief of police was instructed to notify certain dealers that legal steps would be taken against them for continued non-payment of the license taxes for the fourth quarter in the fiscal year just ended, and,

"Whereas, the chief of police did on the 24th day of June notify said parties giving them until the 4th day of July to make proper settlement, and,

"Whereas, a number of them have not yet paid license taxes referred to

Now, threfore, Be it ordered by the Council that the chief of police be instructed to issue warrants against said parties for violation of the Tax Ordinance and that the assistant city attorney take such further steps as may be necessary to collect the amount due from said parties."

GRAND SECRETARY TO ATTEND

Installation of Grand Treasurer R. J. Jones Thursday Night—Big Event in Odd Fellow Circles.

In addition to Grand Master Thos. L. Green, of Waynesville, who will have charge of the 60th installation of Mr. R. J. Jones, of Wilmington, as Grand Treasurer of the Grand Lodge of North Carolina Odd Fellows in this city on Thursday night, Grand Secretary B. H. Woodell, of Raleigh, who is now serving his 46th term in this office, will also attend. The exercises will be held in the Odd Fellows' hall, corner Third and Princess streets, and will be under the auspices of the Cape Fear, Orion, Wilmington and Hanover lodges, I. O. O. F., and Letitia lodge, Rebekah degree.

This will be the first visit of Grand Master Green to Wilmington in his official capacity as head of the North Carolina Grand Lodge. Grand Secretary Woodell is well known here, having visited the city on many occasions. Both these distinguished Odd Fellows will receive a warm and cordial welcome.

The installation of Grand Treasurer Jones for his 60th term will be a notable event in Odd Fellow circles and it is expected that there will be a number of prominent members of the fraternity from other sections of the State in attendance. Mr. Jones has been a member of this order for 71 years and is the oldest member in the State. He is still hale and hearty and the weight of the years press lightly upon his shoulders.

The installation exercises will begin promptly at 8:30 o'clock Thursday night and will be opened with prayer by Rev. W. R. Noe, rector of the Church of the Good Shepherd. The Acme Male Quartette will sing several selections and there will also be a reading by Miss Sallie Oldham and a solo by Rev. A. J. Parker.

The reception committee from the local lodges is composed of Messrs. Wm. L. Smith, chairman; M. W. Jacobi, and L. W. Moore.

REPRESENTING "THE CORTEZ."

Mr. R. J. Reynolds Finds Business Good Advertising Campaign.

In the city yesterday was Mr. R. J. Reynolds, representing the Cortez cigar people of Savannah, Ga., who have recently in the face of any depression that war has brought about, launched an extensive advertising campaign for the cigar manufactured "for men of brains." The Star is included in a list of 21 other Southern newspapers being used in this campaign and Mr. Reynolds, who has been making this territory for perhaps longer than his appearance of youth would suggest, says that the campaign has already demonstrated the wisdom of advertising in the face of hard times, so to speak, though he finds business good and the business people generally in an optimistic and receptive frame of mind. Mr. Reynolds left yesterday to further preach the gospel of "perfection" for the Cortez cigar in his territory.

LITTLE TYPHOID THIS YEAR.

Only 14 Cases This Year as Compared to 26 Last Year.

Wilmington has suffered very little with typhoid this year, there having been only 14 cases reported since January 1st, as compared to 26 up to the same time last year, and over 40 for the corresponding period in previous years, according to the statistics of the Health Department.

Statistics show that there were 56 deaths and 58 births last month. Of the deaths, 22 were white and 34 colored. Of the births 20 were white and 38 colored. The temporary death rate for the month of June was: White, 10.1; colored 26.6; total 17.7.

Last year's statistics for June show 64 deaths, 26 white and 38 colored. The temporary rate last year was: white 16.6; colored 30.1; total 22.9. This shows up well for this year and is gratifying to the Health Department.

FUNERAL FROM RESIDENCE.

Last Rites Performed Over Remains of Mr. J. W. Holmes.

The funeral services of Mr. John W. Holmes, who died last Sunday night at the James Walker Memorial Hospital, were held yesterday afternoon at 5 o'clock from the residence, No. 306 North Seventh street. The services were conducted by Rev. J. A. Sullivan, pastor of Calvary Baptist church. Interment was in Oakdale cemetery.

The pall-bearers were Messrs. John A. McDougall, W. H. Scarborough, Roger Schulken, Mason J. Williams, C. S. Britt and W. B. Williams.

Out-of-town people here for the funeral included Mr. and Mrs. J. W. Jackson, Florence, S. C., and Mr. and Mrs. T. E. Lupo, Winston-Salem.

Returned From Abroad.

Messrs. R. S. McMillan, L. S. Everett, and W. K. Gaylor, who left here last April 28th on the steamer City of Savannah for Havre, France, returned to the city yesterday. The boys report that they spent several weeks in London, Paris and Havre. The only thing they could notice to remind them it was war times was the early hours at which all city lights were cut out.

SCHEDULE FOR TAX HEARINGS

Chamber of Commerce Committee Did Not Go Before Commissioners. Duties of Special Officer.

Tax matters were not taken up at the regular monthly meeting of the Board of County Commissioners yesterday afternoon, although it had been expected that the special committee appointed by President L. E. Hall, of the Chamber of Commerce, in accordance with a resolution adopted by that body, would appear before the board for the purpose of discussing property assessments. The board meets next Monday as a Board of Equalization and it was decided yesterday to take up assessments in Cape Fear, Masonboro and Federal Point townships on the first day, in Harnett township on Tuesday, and in Wilmington township on Wednesday. The board will meet at 3 P. M. on each day and it is expected that it will take some time to complete the work in Wilmington township.

It was stated yesterday that it had not yet been possible to foot up the totals of property assessments in order to arrive even at an approximate estimate as to the total amount of the valuation of property. However, it is not expected that there will be any increase of any consequence in the rural townships and the assessments in the city have not yet been completed. If the original purpose of the assessors is adhered to in Wilmington there will be a considerable increase in the city.

The committee appointed by President Hall from the Chamber of Commerce for the purpose of looking into the question of assessment of property with the assessors and to co-operate with the County Commissioners in arriving at equitable assessments is composed of Messrs. H. C. McQueen, chairman; M. J. Corbett, Thos. W. Davis, William Gilchrist and J. H. Hinton.

Chairman W. A. McGirt presided at the meeting yesterday which was attended by all the members of the board and by County Attorney Stacy. Mr. W. A. Williams, clerk of the board, kept a record of the proceedings.

Chairman McGirt, who was authorized some time ago to define the duties of Special Officer H. Mack Godwin, submitted the following, which were adopted:

"The duties of Special Officer H. Mack Godwin shall be: To serve warrants and summons for magistrates upon their statement that they are unable to secure this service from regular deputy sheriffs or the constable; to apprehend and bring to trial violators of the prohibition law; to apprehend and bring to trial violators of the speed laws; to be subject to the order of the chairman of the board, particularly for the purpose of performing such duties in the enforcement of law as should be performed by the sheriff of the county or his deputies."

Upon motion of Commissioner Willard, seconded by Commissioner Moore, a resolution was adopted providing that the judges of Superior Court be requested to call upon the Constable of Wilmington township to attend the sessions of the Superior Court and execute processes to the end that one of the deputies of the sheriff may be released from such attendance. It was stated in the resolution that the fees of the constable of Wilmington township are far below the amount paid him as a salary by the county.

Chairman McGirt and Auditor Orrell were authorized to purchase equipment for the county work house for an amount not to exceed $700.

Road Superintendent Burnett was granted a vacation of one week to attend the annual Good Roads Convention to be held in Asheville next week and it was also authorized that his expenses be paid while at the convention.

Chairman McGirt announced that he had appointed as delegates to the convention the following gentlemen: Messrs. L. E. Hall, D. L. Gore, Herbert Johnston, A. O. McEachern, W. J. Bradshaw, Addison Hewlett and H. A. Rau.

Upon request from the United States government, the hiring of a man for two days each month at a per diem of $3 for the purpose of spraying some cattle at Carolina Beach was authorized. The payment of regular yearly dues to the North Carolina Association of Commissioners was authorized.

Mr. Hans A. Kure, president of the Kure Land & Development Company, requested that the county grade an avenue at Fort Fisher Sea Beach for a distance of about 600 feet to the public highway at an expense not exceeding that recently spent on the Carolina Beach boulevard. This was reported to the permanent road committee.

Commissioner Moore reported that he had given the Standard Supply Co., an option on three-fourths of an acre of land at the county home, the site to be used for the erection of a warehouse in the event that it is purchased from the county.

Capt. W. H. Northrop, clerk of the Recorder's court, submitted his monthly report and also a report of the amount in arrears for fines and costs for the last six months. This amounted to $266 and in the opinion of several of the Commissioners was entirely too much. Chairman McGirt was instructed to confer with the Recorder with a view to seeing if this amount of arrears cannot be reduced. Captain Northrop explained that many of those who owe amounts for fines or costs are paying in small amounts weekly or monthly.

The request of Messrs. A. J. Hanby and George Henicker that the county road forces grade a distance of about 200 feet to the Old Craig cemetery on the Federal Point road was granted.

County Road Superintendent Burnett submitted his monthly report which showed that there are now 81 convicts, 13 having been received and 19 discharged during the month of June.

There are now 39 men and 11 teams at the Federal Point camp which is stationed along the Federal Point road about 15 miles from the city. This force cut and cleared 2,000 lineal yards of road, 30 feet wide, built 1,400 yards of road bed complete, cut 1,400 yards of ditch and strawed 2,000 yards of road during June. The two extra gangs unloaded about 40 cars of granite stone and distributed the same along the different roads.

The forces covered approximately 20 miles of road surface with granite chips and screenings. The road treatment applied consisted of 20,000 gallons of Tarvia B, hot treatment, and 30,000 gallons of Tarvia B, cold treatment and 7,000 gallons of Barber asphalt. The roads treated were Wrightsville turnpike from the city limits to Bradley's crossing; Villa View and Sound roads; Masonboro for 2 3-4 miles; Market street road for three miles; Federal Point road for four miles and the Castle Haynes road for two and a half miles.

—The Standard Oil Barge 58, under tow of the Tug Astrol, arrived yesterday from Baton Rouge with a cargo of oil for Standard Oil Co.

Selected as Executor and Trustee By Many Thoughtful People of Means

Many persons of wealth and influence and well qualified to judge of fitness, have named The People's Savings Bank in their wills as Executor and Trustee. This indicates a very high degree of confidence because it means committing to the Bank's management interests held in the highest valuation—the interests of family and other heirs.

Whether your estate is to be large or of only moderate size, you cannot better assure its careful administration in the best interests of your heirs, than by having your lawyer write this Bank into your will as Executor and Trustee.. If your will has been written without this provision, the omission may be corrected by a codicil. Call or write in regard to this or any savings or trust business.

UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tone" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver.

If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.

They will spend several weeks on their honeymoon in the mountains of North Carolina. They are both popular in their large circle of friends and have many to wish for them the most of happiness.

• • •

Warsaw, N. C., July 6.—Mrs. W. L. Hill and Miss Sallie Hill gave a delightful Patriotic party in honor of the Thursday Afternoon Rook Club and the visiting young ladies of the town, Monday afternoon. These were Misses Bessie and Katherine Robinson, of Fayetteville; Fay Pierce, of Faison; Atha Hicks and Nellie Durham, Wilmington; Elizabeth Allen and Gertrude Moore, of Goldsboro. Mrs. Hill's lovely home was more beautiful than ever with its decorations of flowers, American flags and strips of red, white and blue bunting. Nasturtiums were used in the library, red dahlias in the hall, and red and white roses in the parlor. There were seven tables for Progressive Rook. When the score was counted, it was found that the regular club prize had been won by Mrs. J. H. Carter. This is a lovely set of rook cards, the consolation, a laundry list, by Miss Ella Brown. The guest prize, a handsome Cluny centerpiece, went to Miss Elizabeth Moore, while Miss Susie Faison was given the visitors' booby, a fan in the shape of a fire cracker. Delicious refreshments were served, and small National flags given as souvenirs. Misses Margaret Best and Susie Faison served refreshing punch.

• • •

Cards announcing the wedding of Miss Lillian Hauser Farmer, daughter of Mr. and Mrs. J. Luke Farmer, of Waterloo, S. C., to Mr. Alexander Hume Lucas, of this city, have been recently sent out. Mrs. Lucas is a sister of Mrs. Robert Finley McCorkle and Mrs. O. Ross Brown, of Wilmington. Mr. and Mrs. Lucas are at home for the summer on Greenville Sound. In the fall they will make their home in Wilmington.

• • •

Mr. and Mrs. J. Robert Branch returned Sunday morning from the North and are at home at No. 1610 Market street. Both have received the happiest felicitations of their many friends since their marriage in New Jersey the past week, Mr. Branch having taken his host of friends in Wilmington by complete surprise when a telegram came from the bride and groom last Thursday, stating that they had been married. Both are well known and popular in a wide circle of friends in Wilmington where the bride formerly resided.

INVITATIONS ISSUED FOR STAFFORD-BRADY WEDDING.

Friends in Wilmington and elsewhere have received invitations reading as follows:

Mr. and Mrs. Robert H. Brady
request the honor of your presence
at the marriage of their daughter
Edith Louise
to
Mr. Ernest Benjamin Stafford
on the afternoon of Thursday
July the fifteenth
at quarter after three o'clock
Four Hundred and Eight Church street
Wilmington, North Carolina.

Miss Brady is a popular young lady of this city with many friends, and Mr. Stafford is engaged in the plumbing business in Wilmington.

PERSONAL PARAGRAPHS.

—Mr. F. P. Montgomery has gone to Black Mountain to spend a couple of weeks at the Y. M. C. A. Summer school.

—Mr. Howard A. Hanby, son of Mr. John R. Hanby, left yesterday for Black Mountain to take a two weeks' course at the Y. M. C. A. Summer school there.

—Mr. Charles B. Griffith, special cotton agent of the United States Treasury Department, was in the city yesterday on a trip through all the large cotton markets for the purpose of installing new regulations. He came here from New York and left last night for New Orleans.

—A welcome visitor to the city yesterday was Mr. G. A. Jones, editor and owner of that unique publication, The Square Deal, of Snow Hill, N. C. Editor Jones is a consistent booster and always makes a trip to Wrightsville Beach and Wilmington as a part of his summer itinerary.

—Miss Bessie Melton, daughter of Mr. and Mrs. J. R. Melton, is at the James Walker Memorial Hospital where she has just undergone an operation for appendicitis. Her many friends will be glad to know that she is now resting comfortably and an early recovery is expected.

LOCAL DOTS.

—The regular meeting of the Rotary Club has been postponed until July 20th.

—A building permit was recently granted to Mr. J. F. Sellars, to build a meat market on Fourth street between Blanden and Harnett streets, the estimated cost of which is to be $500.

—Police Sergeant H. W. Howell and Officer J. F. Jordan, of the police department, are off today for their vacation of 10 days, Officers Freeman Craig and C. G. Jones returning today from their annual outing. Sergeant Howell leaves this morning for a trip to Norfolk, Baltimore and other Northern points.

MR. PEIFFER TO ARRANGE "MOVIE MEN" ENTERTAINMENT

Will Have Active Charge of the Various Details of Convention.

Mr. Frank W. Peiffer has been appointed by Mr. Percy W. Wells, president of the Motion Picture Exhibitors' League of North Carolina, to take charge of the preparations for entertainment of the league's convention which will be held at Wrightsville Beach August 16th.

Mr. Peiffer, who has long experience in the picture and show business, will immediately get busy at plans for the entertainment of the "movie men" during their sojourn in the city and at the beach, and will have charge of arrangements for the making of a full reel of motion pictures during the convention, which will later be exhibited throughout the South as a big boost for Wilmington and the Beach.

It is desired that Wilmington make a good showing during the making of these pictures, as possible, and several "stunts" will likely be pulled off in order to get a very interesting picture, and one that will be a potential feature in advertising Wilmington and her great beach resort. Mr. Peiffer will interview the business men of the city in order to get their co-operation along this line within the next few days, and it will be highly appreciative of any suggestions to aid in the entertainment of the visitors or relative to the making of the picture. Either Mr. Peiffer or Mr. Wells will be glad to receive any suggestions.

Twin Calves Born on Fourth.

Mrs. Lucy Fulford, No. 713 South Third street, owns a Jersey cow that became the mother of twin calves on the Fourth of July this year. One of the calves is a tan color and the other a variegated color. They are both normal calves and getting along fine. They have the honor of having the people all over America celebrate on their birthday.

Lumina Pictures Tonight.

"The Still Small Voice," a Vitagraph featuring Helen Gardner; and "Third Hand High", a love drama with Richard Travers, Ruth Stonehouse and Bryant Washburn, three leading Essanay stars. (advertisement.)

WRIGHTSVILLE BEACH

Mrs. A. H. Paddison, of Burgaw, is spending the week with her daughter at Surfside Cottage.

Mrs. Edwin L. Levy, of Richmond, Va., arrived today and is a guest of Mr. and Mrs. L. Stein, at Wrightsville Beach.

Yesterday's Raleigh News and Observer: "Mrs. Crawford Biggs and family are spending a while at Wrightsville Beach.

Yesterday Charlotte Observer:"Mrs. J. Q. Myers and children will leave Friday for Wrightsville Beach to spend several weeks."

Mr. and Mrs. J. W. Batson, are entertaining friends at a house party given in honor of Mrs. Batson's brothers, Messrs. L. C. and W. D. Farrell, of Kinston, N. C.

Latest arrivals at the Oceanic Hotel include Louis Hammil, Jr., Birmingham, Ala.; S. M. Moore, Charlotte; Samuel J. Becker, Lynchburg, Va.; A. T. Castor, Cheraw, S. C.; George O. Lynch, Richmond, Va.; and Charles E. Thomas, Chattanooga, Tenn.

Guests for the week at Surfside Cottage are Messrs. E. S. Paddison, Rocky Point; R. W. Farland and Miss M. Potter, Wilson; E. A. Hawes, Jr., W. M. Boyce and P. A. Smith, Atkinson; Miss Yohe, Augusta, Ga.; Mr. and Mrs. A. H. Paddison and Miss Sallie Herring, Burgaw.

Twice the usual amount of pictures will be shown at Lumina tonight, including "The Still Small Voice," a two-reel Vitagraph featuring Helen Gardner, said to be the most popular actress on the movie stage. And "Third Hand High," a beautifully enacted love drama in two reels, adopted from the Smart Set Magazine, featuring Richard Travers, Ruth Stonehouse and Bryan Washburn, three Essanay leading stas.

FINED AFTER JULY 12TH

Violators of Dog Tax Ordinance Warned—Holland and Noble Dismissed

Recorder Empie announced yesterday that after July 12th he would enforce the ordinance requiring people who own dogs to buy badges. All persons arrested and convicted of keeping a dog without license will be fined. Until that date, all that is necessary is that they buy the badges, but beginning with next week it will be too late to buy the badge after arrest has been made. The Recorder thinks he has been very lenient with violators of this ordinance and it is time that he begin to draw the line.

A very important case brought up yesterday was that of John Holland and Lisbon Noble, two colored boys. Their case had been continued more than once. Last Saturday Recorder Empie pronounced it a serious case. Before court yesterday morning the Recorder visited the spot where their crime, which appeared to be highway robbery was committed. Their accuser claimed he had met the boys in one room and that they had covered him with a pistol and took his $1.50. The boys claimed he met them at the door and took them into another room to play cards for money.

They had won his $1.50 they said, and when it come time to pay he objected so strongly that he tried to settle the matter in court. The boys had no other opportunity of knowing the arrangements of furniture in the room in which they claimed they had played cards, except on that night. Recorder Empie didn't think they could know about it by meeting the man of the house in another room and made a personal investigation. After the boys gave their description of the room and furniture in which they had played cards they were discharged.

Violators of the dog tax ordinance, who were given a hearing yesterday, were Joe Harriss, John H. Sampson, M. H. Huffman, colored, and J. C. Carney and A. E. Sykes, white, who showed their badges, and Sarah Carver and Charlie Tulford, colored, nol prossed, Rachel Harriss and Lewis Maddox, colored, continued.

John Roderick, white, escaped from prison and was given 60 days on the roads, or with the County Commissioners to hire him on a farm. Jesse Jewett colored, charged with violating prohibition law, discharged. Charlie Wiley and Joe Edwards, both colored, tried for assault with deadly weapon. Edwards was found not guilty and Wiley was sentenced to four months on county roads. Joe Magee, colored, was tried for assault with deadly weapon and sentenced to four months on the county roads. The case against Arthur Barrett, colored, for larceny, was continued. George Johnson, colored, was given a hearing on charge of throwing bricks on the street. He was paroled in care of his mother and required to report every month on good behavior for four months. James Mason and Fitzhugh Sellers, both white, tried for fracas and put on good behavior. Willie MaRae and Stella Green, colored were tried for vagrancy and found not guilty.

FOOD INSPECTOR IS PROVING GREAT SERVICE

Government Inspection of Slaughtered Meats Assured.

Dr. Charles T. Nesbitt, county health officer, is reported as stating that the work of the office of the food inspector is progressing nicely and proving of great service. The food inspector has been occupied during the past month in making inspections of places handling food, ice factories, soda fountains, restaurants, etc.

Application has been made for government inspection of locally slaughtered meats, and when this is secured, very much closer supervision of private slaughtering will be possible. It is thought likely that this will soon be secured.

THIRTY-FOUR NORTH CAROLINA POSTMASTERS GET MORE PAY.

While 22 Will Get $100 Less Salary Per Year.

(Special Star Telegram.)

Washington, D. C., July 6.—In the annual readjustment of postmasters' salaries, made public today, 34 North Carolina postmasters were given promotions averaging $100 and 22 were reduced to the same extent.

The increases included Enfield, from $1,500 to $1,600; Rose Hill, $1,100 to $1,200, and Smithfield, $1,700 to $1,800.

Among the decreases were Hope Mills, from $1,000 to fourth class; Kenly, $1,300 to $1,200; Maxton, $1,900 to $1,800; Rowland, $1,500 to $1,400; Sanford, $2,200 to $2,100; and Whiteville $1,300 to $1,200. P. R. A.

MISS MASON WILL LECTURE

Beneficent Effects of European War to Be Discussed By New York Woman at The Y. M. C. A.

Miss C. E. Mason ,a noted educator, who is the head of the Castle School, Tarrytown, N. Y., will give a public lecture at the Y. M. C. A. tomorrow evening on the beneficent influences of the European war. Miss Mason arrived in the city Saturday and is visiting Mrs. Winifred Sackville Stoner at the Marine hospital. She has traveled extensively in Europe, having made three tours through the countries that are now at war and is thoroughly conversant with conditions on the Continent.

Besides being educator of note she is also a writer and lecturer of wide reputation and has appeared in many of the leading cities of the country. While living in the North and being connected with one of the most exclusive schools in New York state, she is proud to call herself a Southern woman. She is a member of Sorosis in New York and is otherwise prominent in society.

"The Castle School" is America's largest training school for Natural Education instruction the method of training that Mrs. Stoner has done so much to bring to the front. Miss Mason believes thoroughly in this method of training and sees no reason why it should not be adopted in all the schools of the country. It will be of interest to know that at least one Wilmington woman is planning to teach at "Castle" this fall.

Miss Mason has heard so much of the depressing effects of the European war that she feels that it is time something was being said on the other side. While not depreciating the horrible effects that the war has caused she believes that there is some good mixed with the bad and it is her purpose in her lecture tomorrow night to show some of these good influences.

There will be no charge for admission and the public is cordially invited. Miss Mason is a woman of marked personality, who has had extensive opportunities for observation and study, and who also has the happy faculty of expressing her views in an entertaining manner, and her lecture will be well worth hearing.

—The light in the city clock went out last night at 10:30 and was out for an hour, coming back at 11:30

YOU ARE BURNING MONEY

when you buy a coal that burns riotously like shavings, wasting its heat far up the chimney in long flame, dense smoke and troublesome soot, and is quickly reduced to ashes.

Clinchfield Domestic Coal burns like a hickory back-log, giving a short flame and a bed of *intensely hot* coals of wonderful *lasting* quality that radiate their heat into every nook and corner of the room. Hard, clean, lumpy, easily kindled. Holds fire overnight, saving labor and kindling bills. By far the most *economical* and satisfactory fuel for open grates, stoves and residence furnaces of all types. No trouble from clinkers and choked flues.

Clip this ad and save it or write today for literature, freight rate and low summer prices on cars of from 30 to 50 tons each direct from the mines.

From MOUNTAIN SPRING to Your Table

Nature's Own Summer Tonic

Ask your physician if he knows any beverage more healthful, more cooling and refreshing for summer than **Was-Cott Ginger Ale.**

Away off in the Virginia Mountains, in a region famous for health resorts—there's where **Was-Cott Ginger Ale** and **Mineral Water** are bottled. Thousands of people from all over the country come to these resorts every season to revive their health by drinking these mineral waters. Was-Cott Mineral Spring bubbles from the same mineral strata. You can drink all you want of it and with every drop you are toning up your health for a renewal of spirits and physical and mental vigor.

A large per cent of all ginger ale is water. **Was-Cott Ginger Ale** is 96 per cent pure mineral water from the famous Was-Cott Mineral Springs (analyzes absolutely pure). We bottle it in a plant pronounced by the Virginia Health Authorities to be among the best. It comes directly from the spring to you as sparkling and pure as nature can make it.

Was-Cott Ginger Ale is good as the imported, and we furnished the Unqualified Guarantee that if you try it and it is not absolutely satisfactory, your dealer is authorized to refund the purchase price.

COTTON MADE A DECLINE

Bad Weather Conditions Had Little Effect—Liverpool Futures Market Small—Decline 1 to 2 Points.

New York, July 6. — The cotton market failed to hold an opening advance during today's trading and closed steady at a net decline of 1 to 2 points.

Liverpool developed considerable strength, over the local holiday, and first prices here were 6 to 8 points higher. A bullish view of the weather map, which indicated more or less continuous rains in the eastern belt since last Friday, failed to promote any general or aggressive demand, and the market soon turned easy under a little spot house selling or scattering liquidation.

After the first spurt, trading was generally quiet and the market closed at practically the low point of the day. There was some switching from July to later months, and July was relatively easy, selling at a net decline of five points. Private cables reported a comparatively small market for futures on Liverpool, but the spot sales there were unusually heavy for this season of the year, footing about 35,000 bales for the three days, and prices showed a sharp advance for both spots and futures.

The cotton market closed steady.

Months	Open.	High.	Low.	Close.
July	9.3a	9.25	9:23	9:24
Oct	9.25	9.28	9:68	9:68
Dec	10.10	10.00	9:92	9:92

COTTON SEED OIL MARKET.

New York, July 6 — Cotton seed oil was lower, reflecting a slow trade demand and the weakness of lard. Final prices were 2 to 8 points net lower, with sales of 10,900 barrels. July tenders amounted to 1,200 barrels.

The market closed easy, at the decline. Spot, 6.06@6.15; July, 6.06@6.20; August, 6.20@6.22; September, 6.34@6.35; October, 6.37@6.38; November, 6.37@6.43; December, 6.42@6.44; January, 6.47@6.49; February, 6.50@6.57.

DRY GOODS MARKET.

New York, July 6. — Cotton goods were steady today, with more business in print cloths for late delivery. Men's wear prices for Spring will be substantially higher, selling agents said. A meeting of protest is to be held in New York this week against the adoption of rules for the sale of wool yarns and tops to England through the textile alliance, New England wool manufacturers being the promoters of it.

LIVERPOOL COTTON MARKET.

Liverpool, July 6. — Cotton: Spot, steady; good middling, 5.63; middling, 5.33; low middling, 4.87. Sales, 12,000 —for speculation and export, 3,000. Receipts, 16,000.

Futures closed steady. July, 5.19½; July-August, 5.19½; August-September, 5.27; September-October, 5.35; October-November, 5.41; November-December, 5.45; December-January, 5.49; January-February, 5.53; February-March, 5.57; March-April, 5.60½; April-May, 5.63½; May-June, 5.66½; June-July, 5.69; July-August, 5.71½.

NEW YORK PROVISIONS.

New York, July 6. — Raw sugar, firm; centrifugal, 4.80@4.95; molasses sugar, 4.03@4.18; refined, steady.

Butter—Firmer.

Cheese—Weaker.

Coffee—Spots, quiet. Rio, No. 7, 7½; Santos, No. 4, 9¾.

NEW ORLEANS COTTON.

An Early Advance Was Followed by a Dull Session.

New Orleans, July 26.—After an advance of 8 to 10 points in the early trading today the cotton market settled down, becoming dull with narrow fluctuations. The advance was gradually lost under profit taking by scalping longs and the close was unchanged to two points up compared with the closing quotations of last week. The early advance was due to good cables and heavy rains in the cotton belt over the holidays. Some buying was stimulated by reported increasing boll weevil damage, especially in Texas and Mississippi. The continued large spot demand in Liverpool also caused bullish comment as did reports of a record breaking business in certain lines of cotton goods in this country. The demand, however, was soon satisfied, after which the market became stagnant.

Cotton, spot steady, unchanged; middling 9.00; sales on the spot 635 bales; to arrive 2,700.

WHEAT CONTINUES TO FALL

Market Influenced by Outlook of Enlarged Arrival of New Crop—Corn Rises and Oats Fall.

Chicago, July 6. — Wheat prices took a decided drop today influenced by the outlook that the arrivals of new grain would soon be much enlarged. The market closed steady, but 1⅝@1¾ to 2⅛c. under Saturday night's level.

Corn finished ¼c. off to ⅛@¼c. up; oats, down, ⅛ to ⅜, and provisions at 5 to 30 cents decline.

Grain and provisions closing:

Wheat—July, 1.05½; September, 1.01.

Corn—July, 74; September, 72½.

Oats—July, 44¾; September, 37¼.

Pork—July, 16.45; September, 16.80.

Lard—July, 9.00; September, 9.20.

Ribs—July, 10.25; September, 10.50.

Cash grain:

Wheat — No. 2, red, new, 1.15½@1.15½; No. 2, hard, old, 1.30.

Corn—No. 2, yellow, 75¾@76¼.

STOCKS RESUMED NORMAL

Morgan's Excellent Condition Was Encouraging Factor—Reading Winning Suit Was Cheering

New York, July 6.—Normal conditions prevailed on the resumption of stock dealings today, there being no trace of the feverishness which marked last Saturday's trading. J. P. Morgan's steady progress toward recovery was an encouraging factor and the decision of the Federal Court exonerating the Reading Company from any violation of the laws governing its relations with its coal subsidiary helped to create a more cheerful tone.

Reading was the most active of the speculative favorites, soon advancing two points, with gains of 1 to 3 points in numerous railways and industrials. War specialties soon came forward, Bethlehem Steel, Baldwin Locomotive and a few others rising from 2 to 4 points. United States Steel opened at a substantial rise, soon increasing its gain at 1 3-8.

Foreign exchange became strong as the day progressed, largely as a result of an inquiry for bills on London.

Several favorable railroad statements for May were reported, including St. Louis and San Francisco which made a net increase of $670,000, Norfolk and Western $230,000 and Great Northern $92,000.

Future of foreign selling amounting approximately to $600,000 was the feature of the bond market. Total sales, par value, aggregated $2,170,000. United States bonds unchanged on call.

CARRANZA TROOPS MEET WITH DEFEAT

Driven Back by Villa Men Near Villa Garcia.

WOMEN ARE KILLED

Reports Say 600 Carranza Troops Killed With More Serious Losses by Villa—Carranza Cavalry Charge Repulsed.

Laredo, Texas, July 6.—Carranza officials in Nuevo Laredo tonight admitted that their forces near Villa Garcia, midway beteen Paredon and Monterey, retreated yesterday after a sanguinary battle with Villa troops, but asserted that the retreat was ordered for strategic reasons and to await reinforcements. Reports that 600 Carranza troops were killed and probably twice that number wounded were semi-officially verified. Carranza officials claim, however, to have inflicted even more serious losses in dead and wounded on the Villa forces. Many of the dead on both sides are said to have been women camp followers who advanced too near the firing line.

Unconfirmed reports tonight stated that another battle was fought today near Paredon, the Carranza forces having been renforced by several thousand men.

Ten thousand Villa and 8,000 Carranza troops, it is estimated, were engaged in yesterday's battle. A Carranza cavalry charge, followed by hand-to-hand fighting for two hours, was repulsed and the order for a retreat followed.

BUSINESS IS PARALYZED.

Preparations Made to Move Government from Mexico City.

Mexico City, June 30, (By Courier to Vera Cruz, July 6.)—Repeated attempts by General Pablo Gonsales' forces to capture Mexico City have failed and troops under General Zapata and Gonzales Garza claim the advance of the Carranza troops has been definitely checked.

Despite these assurances, however, the government archives and treasury funds have been moved to Cuernavaca, and special trains and street cars are ready to carry away government officials, many of whom, with Provisional President Francisco Lagos Chazero, still are living at the National palace.

The advance guards of the Carranza forces penetrated the outskirts of the capital, liberating 400 prisoners from the penitentiary and a number of political refugees from the Tacuba jail, but later were driven back about three miles.

Business in the capital has been paralyzed since the siege operations commenced. All the banks and large commercial establishments immediately put up their shutters, the fear being expressed that there would be a general looting of the city should the Carranza troops capture it as it was expected. General Eufimia Zapata, brother of General Emiliano Zapata, has arrived from Cuatla with 12,000 men to reinforce the defenders, but the men are poorly equipped.

The diplomatic corps has held daily meetings in an endeavor to get promises of protection for foreign lives and property.

The food shortage is serious. Milk is selling at $1 a quart; eggs are 25 cents each. The prices of meat are prohibitive.

FRANK HOLT KILLS HIMSELF, BUT HOW IS OPEN QUESTION

(Continued From Page One)

the first place about the contents of the bombs and his movements.

He refused also to admit that he was the man who, under the name of Hendrick, received a shipment of 120 pounds of dynamite at Syosset, L. I., although George W. Carnes, station agent at that place, tonight identified Holt as Hendrick.

Throughout the day New York detectives were working on a clue which led them to believe that Holt was the man who received the dynamite and who took it to the bungalow and there made a number of bombs. They were trying to trace a trunk full of bombs which they had reason to believe Holt had shipped from the bungalow to a New York address.

Jail Keeper Positive.

Jeremiah O'Ryan, just after the body was found declared that he was positive the body was in a pool of blood in the cell when he first saw it.

"It sounded to me like an explosion," said O'Ryan, giving his version of what occurred. "You will have hard work to convince me that it was not. The cell was in partial darkness as the lights had not been fully turned on.

"I was 15 feet from the cell when it happened and my back was turned. I heard a noise and then ran into the cell and looked around. It was dark.

"I couldn't see at first. Then I found the body in a pool of blood in a corner of the cell.

"Holt had been in remarkably good spirits. He had laughed and joked earlier in the evening. That made me suspicious."

Went To Washington Friday

The detectives learned that Holt left the bungalow last Friday morning with the intention of taking the first train toward New York. He missed it, but got the next one at 7:19 A. M. The detectives recalled that it was last Friday when Holt went to Washington and set off the Capitol bomb. They learned that when Holt boarded the train he had a trunk and a suitcase which he had checked to the Pennsylvania station in New York. The detectives were unable to learn if Holt took the trunk, which they believed to be full of bombs, with him to Washington or had it sent from the station to some New York address. In any event the police are convinced that in the absence of any dynamite in the bungalow the explosive is in the missing trunk. They scoured the neighborhood of the bungalow tonight and were unable to find any evidence that it had been buried.

It was said that Holt's admission that he had lied as to the contents of the bombs came after Captain of Detectives Tunney had told him that he (Tunney) knew for a positive fact that fulminating caps had been used in the making of the bomb. Captain Tunney declined, however, to tell how he reached this conclusion.

The condition of Mr. Morgan continued to improve. So encouraged were the physicians that they announced they had virtually decided not to issue more bulletins. Mr. Morgan felt so well that he talked over the telephone with some of his business associates of New York.

Dr. Cleghorn, after performing an autopsy on Holt's body at Hempstead, stated that Holt had died of a hemorrhage of the brain caused by a depressed frature of the skull.

Dr. Cleghorn said he found a large contused wound, which extended from the top of the head to below the eyes and that both the top and base of the skull had been fractured.

Dr. Cleghorn said he found no evidences of an explosion or bullet wound.

CURES PIMPLES EASILY

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past J. Hicks Bunting Drug Co. have done a big business in selling Hokara, the skin healer, that has won so many friends in Wilmington.

It has been found to heal not only all minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., but also the worst sores, ulcers, or even chronic eczema and salt rheum. There is yet to be found any form of wound or disease affecting the skin or mucous membrane that Hokara does not help, and its action is so quick that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, the J. Hicks Bunting Drug Co. will sell a liberal sized jar for 25c. And remember that if you do not think it does what it claims, you can get your money back. You certainly can afford to try it on this plan.

MATT WALKER REALLY ALIVE

Young Man Reported to Have Committed Suicide Four Years Ago Is With Mother

(Special Star Correspondence)

Burgaw, N. C. July 6.—Matt Walker, the young man who about four years ago was reported to have committed suicide by jumping from the railroad trestle over Banks' Channel at Wrightsville Beach late at night, is still alive. He is visiting his mother in this county. He says he has not seen his partner, Alex. Rowe, since he left these parts four years ago.

The local story carried in The Star this morning to the effect that young Walker had returned to Burgaw was correct. He arrived here on the northbound train Sunday evening and immediately secured a conveyance to take him to the home of his mother, who lives five miles west of here, with her son, Lee Walker. Matt engaged a physician to go with him to break the news to his mother that her long "dead" son was really alive, fearing that the shock might be too much for her, as she is well advanced in age.

He is reported to have said that he came home to see his mother, and would have come for that purpose, even if he knew it would mean imprisonment for him. He says he was not at the trestle when it is alleged the pistol was fired and he was supposed to have fallen into the channel, but that he left Wilmington that evening on the shoo-fly going to Richmond. He says that he has not struck a place since he left here that he did not run across some one from this section who knew him and that he has been kept busy dodging people who knew him. It is understood that he came from Florida.

FATHER-IN-LAW TALKS.

Will Not Tell Holt's Wife Until This Morning.

Dallas, Texas, July 6. — "Of course we are all terribly sorry, but there is so little I can say. I shall not tell my daughter until tomorrow." This was the statement tonight of Dr. O. F. Sensebaugh, father-in-law of Frank Holt, when told that Holt was dead at Mineola, L. I.

Mr. Sensabaugh stated that his family physician had told him that it would be unsafe to tell Mrs. Holt of the suicide until tomorrow.

"I told her today of the Cambridge police theory that Holt was really Erich Muenter, who disappeared after the mysterious death of his wife, and my daughter is prostrated tonight as a result." Mr. Sensabaugh said, "but I had to tell her all. Tomorrow we will have to tell her of her husband's death".

Mr. Sensabaugh said no arrangements would be made until later for the burial of Holt and that there was nothing he could say except that he could not believe the theory that Holt and Muenter were the same man.

TRUNK OF DYNAMITE FOUND.

Contained 134 Sticks With Fuses Attached—Holt's Property.

New York, July 6.—A trunk containing 134 sticks of dynamite with fuses attached, was found by the police late tonight in a house at No. 342 West 38th street. The police said it was sent there by Frank Holt, and that it arrived three days ago.

The dynamite was packed in sawdust.

GERMANY'S PROPOSED REPLY TO U. S. NOTE IS NOT SATISFACTORY

(Continued From Page Ons.)

unarmed merchant ships, primarily engaged in passenger trade, which, although carrying contraband, would need the warnings of submarines and subject themselves to visit and search, enabling non-combatants to be transferred to a place of safety in case of destruction of a vessel as a prize is deemed necessary.

Such information as has leaked out concerning Germany's proposals indicates that the Berlin Government is prepared to recede to some extent from her position with reference to passenger vessels, but is inclined to place many restrictions upon their sailings. The United States has contended that Americans engaged in "lawful errands" may travel anywhere on the high seas and doubtless involve the United States sooner or later in difficulties with other belligerents, who, to forward the conduct of their own operations, might insist on an abandonment of other neutral rights.

MRS. THAW WILL NOT APPEAR AS A WITNESS

Doesn't Want Harry to Go Back to Matteawan.

She Thinks, However, That Some Kind of Restraint Should be Placed on Him—Returns to Camp to Forget.

New York, July 6.—Mrs. Evelyn Nesbit Thaw, who came to New York today in answer to a subpoena to testify against her husband, Harry K. Thaw, in the proceedings to determine his sanity, returned to her camp at Chateaugay lake tonight without having appeared in court. Just before she left Mrs. Thaw issued this statement:

"I came to New York in answer to a subpoena issued by the Supreme Court but no woman wishes to testify against her husband. I brought with me a doctor's certificate showing that I am not in a fit condition to undergo the ordeal of testifying again. I had no intention of offending Justice Hendrick when I issued my statement at the camp.

"I do not want Harry to go back to that hell on earth—Matteawan—but I do think some kind of restraint should be placed on him. I am going back to the camp to forget it all."

The first witness at the trial today was Frank K. Scribner, a writer, who took a law course at Harvard in 1891-2 and lived in a house with Thaw at Cambridge.

"He returned one morning between 10 o'clock and 11," Mr. Scribner said. "I heard him come up stairs and pass my door. He went into his room and came out in a few seconds. I looked out and saw him going down stairs with a shotgun in his hands. A friend of mine and myself followed him and near the front door my friend, who was a powerful man, disarmed him. He went back to his room and sat on his bed."

James O. Nichols testified that he once saw Thaw on the sidewalk opposite his boarding house at Cambridge, engaged in an altercation with a cab man over the amount of his fare and that he heard Thaw threaten to shoot the cab man.

MEXICO CITY THE PREY OF ANXIETY; FOOD IS LIMITED

(Continued From Page One.)

visits convince me situation here exceedingly pitiful, growing worse rapidly. Some say worse in smaller cities and country. Corn very scarce. This year's plantings in grain district estimated from 10 to 50 per cent. Relief problem vast. No time yet to arrange transportation supplies."

PLANNING SIEGE.

Failing After Long Battle, Carranza Troops Will Renew Attack.

Puebla, Mex., June 30, via Galveston, Tex., July 6. — Carranza troops which failed to capture Mexico City after fourteen days' fighting, and then were driven back in disorder, are planning to place the Mexican capital under an indefinite siege, according to messengers who arrived today from Mexico City. They reported that it apparently is Carranza's purpose to starve the Zapata garrison into submission. Zapata's troops within the city, nevertheless have been instructed to keep out the Carranza forces operating under General Pablo Gonsales, at all costs. All of those of the 400,000 population who are regarded as able to fight have been called upon to help.

Carranza's inability to take the city a week ago has resulted in the demoralization of his troops, and it is believed they will not again venture far enough into the city to cause street fighting.

IN MEXICAN INTERIOR.

Thousands Living on Famine Rations. Villages and Cities Cut Off.

Puebla, Mexico, June 30, (by mail to New Orleans, July 6)—An investigation of food conditions in the interior of Mexico, outside of Mexico City, indicates that while people are not actually starving in great numbers, many thousands are living on almost famine rations and the misery of the poorer classes is perhaps more intense than ever before in the history of the Republic. Villages, and in some instances, cities, are cut off from supplies.

Starvation is reported among the poor women and children horded in the cities, and hundreds of thousands of families are living on as little as a pound of corn or beans distributed to them not oftener than once in three days.

BRYAN IS NOT IN FAVOR OF "PEACE AT ANY PRICE"

Advocates Universal Peace But Favors Wars if Inevitable

San Francisco, July 6.—William Jennings Bryan, former secretary of state, while strongly in favor of universal peace, is not an advocate for "peace at any price". He said in an address at a luncheon tendered today to the Cuban Exposition Commissioners.

"I have been greatly misrepresented", said Mr. Bryan, but I don't mind. I am not visionary enough to believe that I can prevent all wars, but I do believe that many wars could have been prevented. I believe in standing out strongly for peace, but when every means of peaceful sentiment has been exhausted fighting is inevitable.

"I am proud that I was a soldier at the time of the Spanish-American war, but I think the soldier should be like the fireman who is ready for fire without wishing for it. So the soldier should be ready for war without desiring it."

Atlanta, July 6.—The first and second rounds in the singles of the twenty-eighth annual Southern tennis tournament were completed today on the courts at East Lake and some hard fought matches resulted. None of the favorites were eliminated during the day. They are J. B. Abdoue, Jr. Dallas; J. H. Burns and E. Phelps, New Orleans and E. V. Carter, Jr., C. Y. Smith B. M. Grant and Dr. Nat Harris, Atlanta.

CHANCE FOR STAR READERS.

Coupon Worth 25c, If Presented at J. Hicks Bunting Drug Co.'s Store.

In order to test the Star's great circulation and its superior advertising value, we have made arrangements with the J. Hicks Bunting Drug Co., the popular druggists, to offer one of their best selling medicines at half price to anyone who will cut out the following coupon and present it at their store:

COUPON

This coupon entitles the holder to one 50c package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, 25c. We will refund the money to anyone dissatisfied.

J. HICKS BUNTING DRUG CO.

TWENTY FIVE CENTS

If you cannot call at our store, cut out the coupon and mail it with 25 cents, and a 50 cent box of the specific will be sent you by mail, charges paid. Do not put it off. "One today is worth two tomorrows."

Your Outing Not Complete Without A KODAK

We will be open until 10 o'clock Monday to accommodate those who have neglected to lay in a supply of Kodak Films, Bathing Suits, etc. A good book would add to your pleasure also. We have all of the later Fiction.
